

## Who is eligible for CATCH?

- Income at 200% or less of the Federal Poverty Level
- Uninsured or underinsured
- Reside in El Paso, Teller or Park Counties

Eligible patients include those without Medicaid, working people without insurance, seniors unable to afford Medicare Part-B premiums, veterans waiting for appointments, people experiencing homelessness, and undocumented persons.

## Access to healthcare continues to be challenging for too many low-income residents.

- 7.1% of persons in El Paso County are without health insurance, almost 50,000 people
- About 15,000 people have been without insurance longer than 5 years
- More than 1 in 4 persons (26.6%) in El Paso County have Medicaid insurance, over 183,000 people
- About 7,000 are eligible for Medicaid insurance but not enrolled\*

In 2018 nearly 14,000 patient visits were made to safety net clinics (excluding Peak Vista). An additional \$400,000 in donated care was provided through CATCH.

\*As reported by the Colorado Health Institute at [www.coloradohealthinstitute.org](http://www.coloradohealthinstitute.org).

*We exist to improve access to and delivery of healthcare for medically underserved populations in the Pikes Peak region, especially those unable to pay for healthcare.*

A PROGRAM OF **chp**

## Everyone deserves access to better health.

CATCH (Coordinated Access to Community Health) is a network of independent safety net clinics offering free and low-cost care to low-income residents.

Since 2006, CHP has convened and supported the CATCH network by soliciting donated medical services on behalf of clinics, providing care coordination for patients with complex needs, offering training to clinical staff, and coordinating resource-sharing between member clinics.
