

# PEOPLE EXPERIENCING HOMELESSNESS - 2019-2020 COUNTS

## POINT-IN-TIME COUNT SURVEY

The U.S. Department of Housing and Urban Development (HUD) requires that all Continuums of Care (CoC) conduct an annual count of people experiencing homelessness who are sheltered in emergency shelter, transitional housing, and Safe Havens on a single night in January. CoCs must also conduct a count of unsheltered people experiencing homelessness every other year, which is done annually in El Paso County.

The Pikes Peak CoC (PPCoC) 2020 Point-In-Time (PIT) Count took place the night of Monday, January 27, 2020. Emergency Shelters and Transitional Housing Programs collected client-level demographic information from individuals and families staying that night in each program. Unsheltered individuals were surveyed by volunteers, the last week of January, about their housing status on the night of January 27th.

### INDIVIDUALS

### SHELTER INVENTORY

#### Emergency Shelter Beds

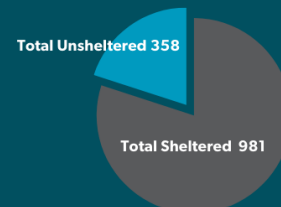

792 beds in 2020  
78% occupancy

#### Transitional Housing Beds

394 beds in 2020  
91% occupancy

### HOUSEHOLD STATUS

#### Sheltered

752

365

2

110

#### Unsheltered

344

29

0

49

Individuals ages 18+

Individuals in households with at least one adult and one child

Unaccompanied youth (17 or younger without a parent or guardian)

Veterans (served in US Armed Forces, National Guard or Reserves)

PIT data only provides a snapshot of homelessness in our community. Additional data is collected year-round by the PPCoC that provides a more robust representation of the number of people experiencing homelessness in the Pikes Peak region:

**Homeless Management Information Systems (HMIS)**

**7,025**

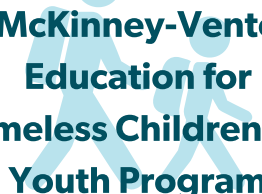

The number of unique individuals accessing the community's HMIS for services or housing support related to homelessness

**Coordinated Entry Program**

**2,197**

The number of housing needs assessments conducted by providers to prioritize and match households experiencing homelessness to housing vouchers

**McKinney-Vento Education for Homeless Children and Youth Program**

**2,029**

The number of unique students identified by school districts as experiencing homelessness

### **About the PPCoC**

The PPCoC is a network of stakeholder groups committed to identifying and meeting community needs to end homelessness. The PPCoC creates the conditions to ensure housing projects are built and services are offered to individuals and families experiencing homelessness; to give voice to homeless issues in the region; to coordinate planning in support of ending homelessness; to convene a robust forum to address key needs; and to ensure quality and accountability of programs and the service delivery system.
