

## JOB POSTING: Homeless Management Information System (HMIS) Specialist

<b>TITLE:</b>	<b>Homeless Management Information System (HMIS) Specialist</b>		
<b>REPORTING TO:</b>	<b>Senior Manager of Homeless Initiatives</b>	<b>STATUS:</b>	<b>Full-time, Non-Exempt</b>

Community Health Partnership was formed in 1992 by local healthcare leaders to foster a collaborative approach to addressing health care issues. We exist to improve the health of the Pikes Peak region. Our vision is to pioneer a process of collaborative leadership that results in measurable improvements in community health. We use collective impact as our primary collaboration methodology and currently serve as a backbone organization in three complex local initiatives that work to prevent and end homelessness, suicide, and substance use disorders.

### Detailed Job Description:

Community Health Partnership administers the Homeless Management Information System (HMIS) on behalf of the Pikes Peak Continuum of Care (PPCoC) in El Paso County, Colorado. In collaboration with HMIS team members, the HMIS Specialist will assist with the day-to-day operations of the HMIS and provide comprehensive support to end-users. Additionally, the HMIS Specialist will assist with the setup and monitoring of system security, ensure system enhancements are configured, and assist with special projects as needed.

### Essential Functions:

#### ***Administrative***

- Assist with management of incoming customer service requests via Zen Desk, such as password resets new user setup and basic end-user troubleshooting. Track status of all tickets/requests
- Maintain compliance, data quality, and training logs for all work completed by the HMIS Team
- Maintain up-to-date knowledge of Homeless Management Information System Software, HUD HMIS data standards, data dictionary, and reporting requirements
- Assist in routine data entry, communication, document and form preparation, and data quality monitoring
- Develop, prepare, monitor, and maintain special projects as requested
- Support and assist the HMIS Data and Reporting Specialist with required reporting for federal, state, and locally funded partners and programs as needed

#### ***Technical Assistance and Security***

- Assist with implementation and enforcement of security procedures related to data input, sharing, and viewing by HMIS participating agencies
- Ensure technical documentation, such as system configuration and a local HMIS specific data dictionary, is maintained and updated as necessary
- Assist with security standard monitoring in accordance with established policies and procedures
- Run monitoring reports for compliance of established policies, procedures, and plans and report deviations from privacy protocol according to an established channel of communication
- Work closely with project stakeholders and team members to understand data entry needs and identify, develop, and test potential database solutions
- Test and evaluate HMIS integration with external databases
- Assist w/development and maintain a data quality improvement plan
- Prepare monthly agency data quality reports, communicate to partner agencies for error correction, and collaborate with partner agencies on data clean-up
- Other duties as assigned

### Knowledge, Skills, and Abilities:

- Ability to communicate clearly and professionally, both verbally and in writing

#### CHP IS AN EQUAL OPPORTUNITY EMPLOYER

Community Health Partnership provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state, or local laws.
