

## Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It

- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

### Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

## **1A. Continuum of Care (CoC) Identification**

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

**1A-1. CoC Name and Number:** CO-504 - Colorado Springs/El Paso County CoC

**1A-2. Collaborative Applicant Name:** Community Health Partnership

**1A-3. CoC Designation:** CA

**1A-4. HMIS Lead:** Community Health Partnership

## 1B. Coordination and Engagement–Inclusive Structure and Participation

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

1B-1.	Inclusive Structure and Participation–Participation in Coordinated Entry.	
	NOFO Sections VII.B.1.a.(1), VII.B.1.e., VII.B.1.p., and VII.B.1.r.	
	In the chart below for the period from May 1, 2021 to April 30, 2022:	
1.	select yes or no in the chart below if the entity listed participates in CoC meetings, voted—including selecting CoC Board members, and participated in your CoC's coordinated entry system; or	
2.	select Nonexistent if the organization does not exist in your CoC's geographic area:	

	Organization/Person	Participated in CoC Meetings	Voted, Including Electing CoC Board Members	Participated in CoC's Coordinated Entry System
1.	Affordable Housing Developer(s)	Yes	Yes	Yes
2.	Agencies serving survivors of human trafficking	Yes	Yes	Yes
3.	CDBG/HOME/ESG Entitlement Jurisdiction	Yes	Yes	Yes
4.	Disability Advocates	Yes	Yes	Yes
5.	Disability Service Organizations	Yes	Yes	Yes
6.	EMS/Crisis Response Team(s)	Yes	Yes	Yes
7.	Homeless or Formerly Homeless Persons	Yes	Yes	Yes
8.	Hospital(s)	No	No	No
9.	Indian Tribes and Tribally Designated Housing Entities (TDHEs) (Tribal Organizations)	Nonexistent	No	No
10.	Law Enforcement	Yes	Yes	No
11.	Lesbian, Gay, Bisexual, Transgender (LGBTQ+) Advocates	Yes	Yes	Yes
12.	LGBTQ+ Service Organizations	Yes	Yes	Yes
13.	Local Government Staff/Officials	Yes	Yes	Yes
14.	Local Jail(s)	Yes	Yes	No
15.	Mental Health Service Organizations	Yes	Yes	Yes
16.	Mental Illness Advocates	Yes	Yes	Yes

17.	Organizations led by and serving Black, Brown, Indigenous and other People of Color	Yes	Yes	Yes
18.	Organizations led by and serving LGBTQ+ persons	Yes	Yes	Yes
19.	Organizations led by and serving people with disabilities	Yes	Yes	Yes
20.	Other homeless subpopulation advocates	Yes	Yes	Yes
21.	Public Housing Authorities	Yes	Yes	Yes
22.	School Administrators/Homeless Liaisons	Yes	Yes	No
23.	State Domestic Violence Coalition	Yes	No	No
24.	State Sexual Assault Coalition	No	No	No
25.	Street Outreach Team(s)	Yes	Yes	Yes
26.	Substance Abuse Advocates	Yes	Yes	Yes
27.	Substance Abuse Service Organizations	Yes	Yes	Yes
28.	Victim Service Providers	Yes	Yes	Yes
29.	Domestic Violence Advocates	Yes	Yes	Yes
30.	Other Victim Service Organizations	Yes	Yes	Yes
31.	Youth Advocates	Yes	Yes	Yes
32.	Youth Homeless Organizations	Yes	Yes	No
33.	Youth Service Providers	Yes	Yes	Yes
Other: (limit 50 characters)				
34.	Veteran service providers (SSVF, VA)	Yes	Yes	Yes
35.	County DHS and Regional Medicaid providers	Yes	Yes	Yes

1B-2.	Open Invitation for New Members.	
	NOFO Section VII.B.1.a.(2)	

	Describe in the field below how your CoC:
1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
3.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), follows requirements set forth in 24 CFR § 578.7 to hold bi-annual membership meetings, recruit new membership regularly, and include perspectives of people with living and lived homeless experience. Per the PPCoC Governance Charter, membership in the PPCoC is open to all stakeholders in El Paso County, Colorado including and not limited to nonprofit homeless assistance providers, victim service providers, faith-based organizations, governments, businesses, advocates, and persons with lived/living homeless experience. Membership is offered publicly, without preconditions for joining other than a shared commitment to work collaboratively on strategies to end homelessness.

Membership meetings are held bi-annually by the PPCoC Governing Board and are used to update membership on strategic initiatives, vote on new PPCoC Governing Board members, and receive input on strategic objectives to end homelessness. Membership meetings are held both in-person and virtually to allow for a diversity of perspectives to join and all membership meeting presentations and agendas are posted publicly online through the Collaborative Applicant's, Community Health Partnership's (CHP), website. On CHP's website is a request for new applicant membership to join through an open and transparent process held on a rolling admission throughout the year. The website has been evaluated for website accessibility by The Independence Center, a local non-profit dedicated to serving people with physical and intellectual disabilities.

At a minimum, twice per year a formal invitation to apply is sent to the community using an email Listserv consisting of over 400 membership emails. This Listserv known as the Coalition for Homeless Advocates or Providers or CHAP, holds monthly virtually membership meetings for ongoing education on topics like domestic violence, Medicaid services, and DEI trainings.

The PPCoC actively works with the Colorado Springs Human Relations Commission to reach underserved BIPOC populations overrepresented in the PPCoC homeless populations and extend membership. The PPCoC furthermore partners directly with agencies serving LGBTQ+ populations. In 2022, CHP hired a LGBTQIA2+ Health Equity Project Manager focused on gender affirming healthcare. This staff member has further advanced the PPCoC's membership connections to disproportionately impacted cultural populations.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section VII.B.1.a.(3)	
	Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;	
2.	communicated information during public meetings or other forums your CoC uses to solicit public information; and	
3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), welcomes any community member or organization that is interested in ending homelessness to participate in bi-annual general CoC membership meetings. Members are encouraged and invited to participate in monthly Coalition for Homeless Advocates and Providers (CHAP) meetings. CHAP is an open and flexible forum for service providers and members to work together to identify needs and priorities related to coordination of services for people at risk of or are experiencing homelessness. The PPCoC uses Listservs to share general information related to homelessness, announce meetings, distribute reports, and solicit membership and participation in PPCoC activities. In addition, the PPCoC participates in listening sessions with the City of Colorado Springs and El Paso County when input is sought from the public about homelessness and affordable housing.

To ensure that individuals with disabilities and people who are currently homeless are aware of, and can access information about upcoming CoC meetings, information is printed and posted by local homeless service providers, handed out by street outreach and shelter case managers to clients and staff, sent out virtually to a Listserv of over 400 emails, and posted on the Collaborative Applicant's website.

Membership meetings and monthly CHAP meetings are used by the PPCoC to solicit public feedback on homeless initiatives and strategic goals of the PPCoC. Over the last two years, the PPCoC has conducted a System Design Clinic led by the National Alliance to End Homelessness to develop strategic goals and objectives. The Strategic Goals and Objectives determined by the System Design Clinic were published in a PPCoC 3-Year Strategic Plan in October 2021 and publicly shared at the 2021 Fall PPCoC Membership Meeting. The Strategic Plan has been tied entirely to the PPCoC's System Performance Measures.

During both the System Design Clinic and Strategic Plan drafting, public and membership feedback was sought through multiple rounds of stakeholder feedback meetings, surveys, public-comment period meetings, and through two-rounds of accepting public-comments online. Stakeholder meetings and surveys were completed by people with living homeless experience, people with disabilities, people identifying as BIPOC and/or LGBTQIA2+, and elected officials and funders.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section VII.B.1.a.(4)	
	Describe in the field below how your CoC notified the public:	
1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;	
2.	about how project applicants must submit their project applications—the process;	
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and	
4.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), makes continuous efforts to notify potential project applicants of CoC funds throughout the year, not just during the CoC Notice of Funding Opportunity Competition. Community Health Partnership (CHP), as the Collaborative Applicant, extend the invitation and technical assistance opportunities to organizations representing people with disabilities and marginalized cultural populations including BIPOC and LGBTQIA2+. During the FY2021 CoC Competition, the PPCoC prioritized two Domestic Violence providers for CoC grant awards serving primarily black and Hispanic families and indigenous women and their families fleeing domestic violence. These providers were offered technical assistance training by CHP before and during the competition, without competitive advantage, to explain the process of utilizing e-SNAPS and understanding the local competition requirements. Both applicants were awarded CoC funds in FY2021 through reallocation of other underperforming CoC project recipients.

CHP was able to meet in advance of the CoC FY2022 NOFO with the PPCoC Governing Board to determine community priorities around System Performance Measures and created a timeline for the competition with the PPCoC Ranking and Prioritization Committee. CHP was then able to quickly advertise and solicit new project applicants for FY2022 with clear priorities listed in the local competition. 3 new organizations, who have never previously applied for CoC funds, expressed interest in CoC funds and through personal meetings with CHP were able to determine they would wait to apply during the next CoC Competition cycle when more time would allow for project planning and development.

The PPCoC posts CoC Competition announcements on the CHP website, utilizes public meetings and email distribution lists to make announcements regarding CoC Competition NOFO funding. In each of the formats used to announce the CoC Program Competitions, the PPCoC encourages new applicants to apply. The PPCoC welcomes and encourages anyone to come forward with circumstances which would require accessibility or removal of barriers in applying for CoC funding due to disability. Information is shared electronically via email and posted online on the CHP website which has been reviewed by the local lead disability provider for accessibility, who also has representation on the CHP Board of Directors.

## 1C. Coordination and Engagement

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

1C-1.	Coordination with Federal, State, Local, Private, and Other Organizations.	
	NOFO Section VII.B.1.b.	
	In the chart below:	
1.	select yes or no for entities listed that are included in your CoC's coordination, planning, and operations of projects that serve individuals, families, unaccompanied youth, persons who are fleeing domestic violence who are experiencing homelessness, or those at risk of homelessness; or	
2.	select Nonexistent if the organization does not exist within your CoC's geographic area.	

	Entities or Organizations Your CoC Coordinates with for Planning or Operations of Projects	Coordinates with the Planning or Operations of Projects?
1.	Funding Collaboratives	Yes
2.	Head Start Program	Yes
3.	Housing and services programs funded through Local Government	Yes
4.	Housing and services programs funded through other Federal Resources (non-CoC)	Yes
5.	Housing and services programs funded through private entities, including Foundations	Yes
6.	Housing and services programs funded through State Government	Yes
7.	Housing and services programs funded through U.S. Department of Health and Human Services (HHS)	Yes
8.	Housing and services programs funded through U.S. Department of Justice (DOJ)	Yes
9.	Housing Opportunities for Persons with AIDS (HOPWA)	Yes
10.	Indian Tribes and Tribally Designated Housing Entities (TDHEs) (Tribal Organizations)	Nonexistent
11.	Organizations led by and serving Black, Brown, Indigenous and other People of Color	Yes
12.	Organizations led by and serving LGBTQ+ persons	Yes
13.	Organizations led by and serving people with disabilities	Yes
14.	Private Foundations	No
15.	Public Housing Authorities	Yes
16.	Runaway and Homeless Youth (RHY)	Yes
17.	Temporary Assistance for Needy Families (TANF)	Yes
	Other:(limit 50 characters)	

18.	Veteran service providers funded by the U.S. Department of Veterans Affairs	Yes
-----	---	-----

1C-2.	CoC Consultation with ESG Program Recipients.	
	NOFO Section VII.B.1.b.	

	Describe in the field below how your CoC:
1.	consulted with ESG Program recipients in planning and allocating ESG and ESG-CV funds;
2.	participated in evaluating and reporting performance of ESG Program recipients and subrecipients;
3.	provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area; and
4.	provided information to Consolidated Plan Jurisdictions within your CoC's geographic area so it could be addressed in Consolidated Plan update.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), along with the Collaborative Applicant, Community Health Partnership (CHP), have played an active role in participating with consultation with ESG Program Recipients. The PPCoC and CHP work closely with the City of Colorado Springs (City) and Colorado Department of Local Affairs (DOLA) on their awarded Emergency Solution Grants (ESG) to address homeless and housing issues. The PPCoC Governing Board has presented directly to both the City and El Paso County on ESG planning and allocation. The PPCoC Executive Committee met with El Paso County provide feedback on the consolidated plan and to City Leadership during feedback sessions for ESG and CDBG annual allotments. CHP continued in their role as a direct Fiscal Agent awardee for pass through ESG and ESG-CV funds from DOLA to several subgrantees within the geographic location. As part of the role of their role as a Fiscal Agent, CHP collaborated with DOLA in reviewing participant program evaluation and evaluating subgrantees through the required ESG Monitoring steps. CHP further collaborated with DOLA on monitoring efforts through by consultation on the State's Risk Assessment and Monitoring Plan. This consultation on Monitoring and Procurement with CHP and the PPCoC led DOLA to note in their Consolidated Plan and ESG Notice of Funding Availability for FY2022 that all program participants would be required to provide a Letter of Support from their local CoC in addition to the required Certificate of Consistency. CHP presented the 2022 PIT and HIC reporting directly to the PPCoC Governing Board in May 2022. The PPCoC Governing Board then developed a media press release written by CHP for the announcement of the annual PIT and HIC numbers in July 2022. This year, PIT and HIC data were included in the City of Colorado Springs' HOME American Rescue Plan Allocation Plan to determine community gaps and areas of need for prioritizing funding. The PIT and HIC were further shared with the El Paso County Economic Development Division and County Commissioners to inform priorities around the County's CDBG Consolidated Plan. CHP, as the HMIS Lead, managed all the ESG-CV reporting requirements through HMIS to be submitted through combined quarterly, cumulatively, and final CAPER reporting in SAGE. This reporting includes data evaluation and report technical assistance to all locally awarded ESG- and ESG-CV recipients.

1C-3.	Ensuring Families are not Separated.	
	NOFO Section VII.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported sexual orientation and gender identity:

1.	Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated.	No
2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure families are not separated.	No
3.	Worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients.	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance.	Yes
5.	Sought assistance from HUD by submitting AAs or requesting technical assistance to resolve noncompliance of service providers.	No
6.	Other. (limit 150 characters)	

1C-4.	CoC Collaboration Related to Children and Youth—SEAs, LEAs, School Districts.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate the entities your CoC collaborates with:

1.	Youth Education Provider	Yes
2.	State Education Agency (SEA)	Yes
3.	Local Education Agency (LEA)	No
4.	School Districts	Yes

1C-4a.	Formal Partnerships with Youth Education Providers, SEAs, LEAs, School Districts.	
	NOFO Section VII.B.1.d.	

Describe in the field below the formal partnerships your CoC has with at least one of the entities where you responded yes in question 1C-4.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has established a formal partnership with the Colorado State Department of Education (CDE) to share McKinney Vento numbers in conjunction with the annual CoC Point in Time. This partnership has allowed for giving the public and local elected leaders and stakeholders in the geographic location greater context for the gaps of homeless household needs. Numbers of homelessness from the McKinney Vento costs help explain how homeless and at risk of homeless families and runaway youth are able to be counted in the PPCoC. The additional McKinney Vento numbers, which track different definitions of homelessness, helps the PPCoC understand how homelessness extends beyond emergency shelters, transitional housing, and unsheltered homelessness including counting families and youth experiencing a housing crisis for those who are doubled up and couch surfing in unstable housing situations.

In 2022, the Senior Manager of Homeless Initiatives at Community Health Partnership (CHP), which is the Collaborative Applicant Lead for the PPCoC, participated in the review panel for the CDE McKinney Vento applications. CHP signed former non-disclosure and conflict of interest agreements to provide consultation and review applications of McKinney Vento school districts across Colorado. This review process led to a further conversation on ways that the Colorado CoCs can align their connections for services with the resources utilized by McKinney Vento Liaisons across the state of Colorado.

An additional formal partnership is an HMIS data sharing agreement between the PPCoC and Inside Out Youth Services, a local Youth Education Provider and non-profit serving LGBTQIA2+ youth. The PPCoC has expanded their Coordinated Entry access points to include referrals from Inside Out Youth Services, who are able to identify runaway homeless youth not captured by other local homeless providers because of Inside Out Youth Services' inclusive efforts around education for LGBTQIA2+ youth. CHP has hired a Project Manager focused on Health Equity for LGBTQIA2+ youth and has entered into a formal partnership agreement with Inside Out Youth Services to increase access to gender affirming care in the community and expanding education for healthcare hospital and primary care medical providers to serve LGBTQIA2+ youth.

1C-4b.	Informing Individuals and Families Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section VII.B.1.d.	

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), adopted "PPCoC Community Standards of Care" in 2020, which were written and agreed upon by the PPCoC Governing Board. In the PPCoC Standards of Care, the PPCoC created written standards for all project types supporting the work of the PPCoC. Among those standards includes a requirement for inclusion of an Educational Liaison to support programs that serve individuals, youth, and families with children or unaccompanied children of school age. The role of an Education Liaison is that all project types have a designated staff person to connect household members experiencing homelessness to school enrollments, opportunities to re-enroll in school, move towards higher education or trade certification, connection to appropriate mainstream education public benefits, referrals to education services made available under the McKinney-Vento Homeless Children and Youth Program, and relationships with early education providers such as Head Start.

Policies and Procedures adopted under the PPCoC Community Standards of Care further identifies education requirements for permanent supportive housing, transitional housing, and rapid re-housing programs serving all homeless populations. Requirements include, "[e]ducational advancement, such as GED preparation and attainment, post-secondary training (college, technical school, military, etc.), and vocational education will be provided or will be coordinated through external referrals."

In addition to the CoC Written Standards, Community Health Partnership (CHP), as the Collaborative Applicant, has written Emergency Solution Grants (ESG) written standards agreed upon by the PPCoC and adopted in 2020. Within CHP's ESG Written Standards includes connections to education services for all people being served in ESG programming and a template Housing Stabilization Plan to be used by ESG Essential Service providers for external referrals to educational advancement and services. This template is also used by the City of Colorado Springs in their ESG Written Policies and Procedures, which were first adopted in 2017 and last revised in 2021.

1C-4c.	Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

		MOU/MOA	Other Formal Agreement
1.	Birth to 3 years	No	No
2.	Child Care and Development Fund	No	No
3.	Early Childhood Providers	No	No
4.	Early Head Start	No	No
5.	Federal Home Visiting Program—(including Maternal, Infant and Early Childhood Home and Visiting or MIECHV)	No	No
6.	Head Start	No	No
7.	Healthy Start	No	No
8.	Public Pre-K	No	No

9.	Tribal Home Visiting Program	No	No
	Other (limit 150 characters)		
10.			

1C-5.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors—Collaborating with Victim Service Providers.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC regularly collaborates with organizations who help provide housing and services to survivors of domestic violence, dating violence, sexual assault, and stalking to:

1.	update CoC-wide policies; and
2.	ensure all housing and services provided in the CoC are trauma-informed and can meet the needs of survivors.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works collaboratively with Victim Service Providers (VSPs) to support survivors of domestic violence, dating violence, sexual assault, and stalking. The PPCoC Governing Board includes the Executive Director of TESSA, the region's largest domestic violence agency, and the Finance Director of Violence Free Colorado. The PPCoC Governing Board wrote and adopted the PPCoC Community Standards of Care in 2020, which is reviewed annually by the PPCoC Governing Board and CoC Members both of whom include VSP representation.

As defined in the PPCoC Community Standards of Care, VSPs are defined as private nonprofit organization whose primary mission is to provide services to victims of domestic violence, dating violence, sexual assault, or stalking. The PPCoC articulates minimum standards to be observed by VSPs to ensure all housing and services provider in the CoC meets the needs of the survivors.

These standards state:

- Confidentiality is protected by law (VAWA) and critical when working with domestic violence survivors.
- Clients should be screened for domestic violence and victimization including questions about abuse. Screening must be done in a private area with no one other than the client or children present.
- Staff should operate from a place of trauma-informed care when interacting with clients.
- Clients are recognized as having unique and individual needs that are influenced by one's own cultural identity, sexual orientation, age, gender, abilities, socio-economic situation, religious beliefs, and social circumstance.
- When trying to connect clients to community resources a release of information must be completed. Releases should be voluntary, informed, written and reasonably time limited.
- The address and location of any domestic violence shelter should be kept confidential.
- Language interpreters must be present for any intakes or case management meetings if English is not the client's primary language.
- Every client has experienced unique traumas which vary depending on the type of abuse they endured. Staff should be aware of possible escalation situations.
- Documentation/record keeping should follow the grant requirements from each funder that an organization has.
- It is important when working with domestic violence survivors to be client-centered and empower them to make their own choices.

1C-5a.	Annual Training on Safety and Best Practices to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC coordinates to provide training for:	
1.	project staff that addresses best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and	
2.	Coordinated Entry staff that addresses best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works collaboratively with TESSA, who is the region's largest Victim Service Provider (VSP) provider, to provide emergency assistance to families in imminent danger as a result of domestic violence, dating violence, sexual assault, and stalking. TESSA provides comprehensive Victim Advocacy confidentiality training 3 times per year and other training as requested. Training consists of 40-hours through a multi-week training course and provides certification under the State of Colorado. Training is given through a victim-centered approach while being trauma-informed. Training topics include recognizing trauma, trauma-informed care, best practices for working with victims, identifying high lethality, de-escalation, strangulation, dynamics of DVS, and legal.

Training offered by TESSA is open to the public and given directly to law enforcement entities such as the El Paso County Sheriff's Office and Colorado Springs Police Department. TESSA offers training to military partner agencies in the region, including Fort Carson and Shriever Air Force Base. Other participants include representation from regional hospital systems and forensic examiners. Most recently, other healthcare providers such as dental clinics and counseling providers have sought to attend trainings. Partner agencies of the PPCoC and Coordinated Entry (CE) staff promote these training opportunities and strongly encourage participating agencies of the PPCoC to attend at least one domestic violence training annually. TESSA further meets with law enforcement quarterly with their legal staff to train on ways to safely and confidentiality identify and support victims and survivors.

VSPs are allowed to refer households they are serving through the PPCoC CE through a confidential data sharing agreement with the PPCoC. The CE Policies and Procedures outline the process for referral where no identifying information is shared or entered into HMIS and only an associated VSP client ID may be used in identification for any housing resources offered through the CE.

Domestic Violence is an identified barrier listed as a prioritization factor within the CE for the PPCoC and used to prioritize households effectively for available housing resources free from discrimination. CE emphasizes a Housing First model that requires a trauma-informed, person-centered approach in the CE Policies guiding principles.

1C-5b.	Using De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below:	
1.	the de-identified aggregate data source(s) your CoC uses for data on survivors of domestic violence, dating violence, sexual assault, and stalking; and	
2.	how your CoC uses the de-identified aggregate data described in element 1 of this question to evaluate how to best meet the specialized needs related to domestic violence and homelessness.	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), uses data from a variety of sources to understand the scope and complexity of survivors of domestic violence, dating violence, sexual assault, and stalking. De-identified aggregate data is offered by Victim Service Providers (VSP), including TESSA, who is the largest VSP in the region. TESSA uses CAFÉ through SalesForce for any HUD funding to provide the PPCoC and HUD with de-identified aggregate reporting data necessary for completion of APRs and/or CAPERs. TESSA further shared with the PPCoC the following de-identified aggregate data for the use of reporting on the CoC Consolidated Plan. TESSA receives roughly 40-50 calls daily for survivor households fleeing or attempting to flee, which totals to around 1,200 calls a month on average. Law enforcement may only be involved through signed consent offered by the household for their assigned case manager to speak directly to law enforcement.

In the 2022 PIT and HIC count for the PPCoC, 69 transitional housing beds and 29 rapid re-housing beds were reported in serving victims of domestic violence, dating violence, sexual assault, and stalking. Another 56 safe housing beds were under renovation and will be reported in future years but were not operational during the night of the PIT in 2022. The PPCoC awarded two new VSPs in the FY2021 CoC NOFO Competition, who will both begin their programming during the 2022 calendar year and will be reporting de-identified aggregate data to the PPCoC. Red Wind Consulting, Inc. and Kingdom Builders Family Life Center were identified for CoC funds and priorities for funding on the FY2021 PPCoC Priority List. Both agencies specialize their victim-centered and Housing First services to support overrepresented racial marginalized survivor populations especially in the Black/African America/African and Indigenous/Alaskan Native/American Indian communities. Both racial populations were recognized by the PPCoC as priority populations due to a large overrepresentation in the community homeless aggregate data. The PPCoC has used de-identified aggregate data to note that in 2020 the Black/African American/African population were 187% over-represented in the homeless population and the American Indian/Alaskan Native/Indigenous population was 310% over-represented in the homeless population relative to the County census demographic data.

1C-5c.	Communicating Emergency Transfer Plan to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC communicates to all individuals and families seeking or receiving CoC Program assistance:	
	1. the emergency transfer plan policies and procedures; and	
	2. the process for individuals and families to request an emergency transfer.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works with participating agencies of the PPCoC, who may receive CoC-, ESG-, and/or CDBG-funds, to develop and communicate emergency transfer plans for households who are survivors or fleeing domestic violence, dating violence, sexual assault, and stalking. Emergency transfer plans are developed in consultation with Victim Service Providers (VSP) to support the safety, confidentiality, and ongoing housing assistance for any households who is seeking an emergency transfer. In accordance with the VAWA, emergency transfers are allowed on an emergency basis and training is offered to all housing providers in the PPCoC to ensure safety and privacy concerns are being considered during an emergency transfer.

VSPs in the geographic region operate their own referral process that supports internal emergency transfer or external emergency transfer to find a safe unit for any victims and/or survivors of domestic violence, dating violence, sexual assault, and stalking. Internal emergency transfer is offered for tenants of housing programs who need transfer out of a housing unit into another unit where the tenant would not be considered a new applicant and would not need to repeat the application process for a new unit. External emergency transfer would be when a tenant needs to be transferred out of a unit to a new unit where they would be recognized as a new applicant. The PPCoC policies and procedures written in the PPCoC Community Standards of Care further allow for voucher portability on an emergency basis. Portability can be within the geographic location or to another a geographic location for housing assistance to support the safety of the transferring household.

The request for transfer is offered to all households seeking or having obtained housing assistance by providers of the PPCoC. Applicants are made aware of emergency transfers during voucher orientation through verbal and written communication. Ongoing check-ins offered by housing providers is offered through a victim-centered and trauma-informed care response to protect the safety and privacy of the household, or members of the household, seeking an emergency transfer. Education on emergency transfers for households is promoted to all households regardless of sex, gender identity, sexual orientation, race, ethnicity, religious beliefs, disability, nation of origin, or any other protected classes.

&nbsp;

1C-5d.	Access to Housing for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC ensures that survivors of domestic violence, dating violence, sexual assault, or stalking have access to all of the housing and services available within the CoC's geographic area.

(limit 2,500 characters)

The Colorado Springs/EI Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works closely with Victim Service Providers (VSP) to review access points for housing opportunities in the community for survivors of domestic violence, dating violence, sexual assault, or stalking. Two local VSPs have worked collaboratively with the PPCoC and CHP, the Collaborative Applicant, to update the PPCoC's Coordinated Entry System Policies and Procedures, which were revised and re-ratified in February 2022. The PPCoC established a Community Advisory Board for the local Coordinated Entry System, which includes at least one person with lived homeless experience.

In the Coordinated Entry Policies, the PPCoC highlights access to housing for survivors of domestic violence, dating violence, sexual assault, or stalking at any access point completing the community housing needs assessment for housing prioritization. Staff at access points are trained on sharing out the local and national domestic violence hotline and are able to refer to law-enforcement and 9-1-1 in the event of an emergency or life-threatening situation. All households who are survivors are guaranteed safe and confidential access to the Coordinated Entry System and if a household chooses to seek domestic violence or safety planning services, they will be referred to one of the local victim service providers for services.

Local victim service providers are allowed to refer households they are serving through the PPCoC Coordinated Entry System through a confidential data sharing agreement with the PPCoC. The Coordinated Entry Policies outline the process for referral where no identifying information is shared or entered into HMIS and only an associated victim service provider client ID may be used in identification for any housing resources offered through the Coordinated Entry System. Domestic Violence is an identified barrier listed as a prioritization factor within the Coordinated Entry System for the PPCoC and used to prioritize households effectively for available housing resources free from discrimination. Coordinated Entry emphasizes a low-barrier Housing First model that does not discriminate based on perceived barriers to housing including any history of domestic violence, dating violence, sexual assault, or stalking or households actively fleeing from domestic violence, dating violence, sexual assault, or stalking.

1C-5e.	Including Safety, Planning, and Confidentiality Protocols in Coordinated Entry to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC's coordinated entry includes:

1.	safety protocols,
2.	planning protocols, and
3.	confidentiality protocols.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has specific Coordinated Entry policies and procedures related to safety planning protocols and domestic violence. Through planning protocols, if a participant seeks domestic violence or safety planning services, victim service providers (VSP) use their own specialized coordinated entry process regarding PPCoC housing services and other supportive services managed by that provider. Access to Domestic Violence services will be provided in a low-barrier approach to allow homeless person(s) in need of safety planning to access VSP housing services safely and confidentially through a comparable Coordinated Entry process used by VSPs.

In addition, households experiencing homelessness who are identified as survivors of domestic violence, data violence, sexual assault, or stalking may be considered in the weekly Coordinated Entry Case Conferencing meetings. The confidentiality protocols of Coordinated Entry allow the participants housing needs assessment and de-identified information to be added to the Coordinated Entry prioritization By Name List with an assigned client ID that is specific to the referring VSP. Any housing referrals that are matched to DV referred participant will be shared exclusively to the VSP for follow up. All information exchange occurs electronically via email through email encryption software directly from VSPs to the Coordinated Entry Supervisor, who manually adds the household information to the prioritization list for consideration of safe housing referrals and access to services.

For safety protocols, all referrals from Coordinated Entry received by VSPs will be assessed for safe housing, clinical support, legal needs and will have corresponding assessments completed by the VSP. This includes documenting homeless status and assessing for imminent danger. Relocation assistance is available by VSPs and offenders and victims cannot be served in the same place. Offenders who present to VSPs will be referred to the community for safety purposes of the households staying in safe units with VSPs.

These protocols are all referenced in the Coordinated Entry Policies and Procedures, which were revised and re-ratified by the PPCoC in February 2022 with consultation from VSPs.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+—Anti-Discrimination Policy and Training.	
	NOFO Section VII.B.1.f.	

1.	Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
2.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
3.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	Yes

1C-6a.	Anti-Discrimination Policy—Updating Policies—Assisting Providers—Evaluating Compliance—Addressing Noncompliance.	
	NOFO Section VII.B.1.f.	

Describe in the field below:

1.	whether your CoC updates its CoC-wide anti-discrimination policy, as necessary, based on stakeholder feedback;
2.	how your CoC assisted providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), does include an anti-discrimination policy CoC-wide and through both the PPCoC Coordinated Entry System and the PPCoC Homeless Management Information System (HMIS). All policies are reviewed annually by the PPCoC Governing Board and shared for public feedback and comment through the CoC-wide membership. The PPCoC has a PPCoC Community Standards of Care, which were adopted in 2020 and are reviewed annually. Within the Standards of Care, the PPCoC describes project standards around equal access and non-discrimination to ensure people accessing homeless assistance programs and systems are not discriminated against in compliance with all State and Federal laws. People seeking homeless assistance are treated with dignity and respect through a person-centered and trauma-informed approach and all systems are inclusive to include and not discriminate against all eligible persons regardless of race, color, ethnicity, national origin, religious beliefs, sex, gender identity, age, familial status, disability, actual or perceived sexual orientation, or marital status. Non-discrimination and anti-discrimination statements are present in the PPCoC Coordinated Entry System Policies and Procedures, last approved in February 2022, and the Statewide HMIS Implementation Collaboration known as the COHMIS, which reviewed and updated their Policies and Procedures in July 2022.

Any programs in the PPCoC receiving ESG-, CoC-, or any other housing programs accessing HMIS for program tracking and reporting or accepting referrals through Coordinated Entry are evaluated at least bi-annually for anti-discrimination policies and implementation through an objective review process with the HMIS Lead and Coordinated Entry Lead in the PPCoC, Community Health Partnership. PPCoC project funds are further monitored annually and reviewed by the PPCoC Ranking and Prioritization Committee for anti-discrimination practices and policies to ensure anyone seeking assistance may do so freely from discrimination. Included in the staff and review panels for the PPCoC are people who identify as LGTBQIA2+ and people with lived or living homeless experience. Noncompliance to anti-discrimination practices can result in letters of warning, loss of funding, or removal of access to utilize the PPCoC HMIS or Coordinated Entry systems.

1C-7.	Public Housing Agencies within Your CoC's Geographic Area--New Admissions--General/Limited Preference--Moving On Strategy.	
	NOFO Section VII.B.1.g.	
	You must upload the PHA Homeless Preference\PHA Moving On Preference attachment(s) to the 4B. Attachments Screen.	

Enter information in the chart below for the two largest PHAs highlighted in gray on the FY 2021 CoC-PHA Crosswalk Report or the two PHAs your CoC has a working relationship with—if there is only one PHA in your CoC's geographic area, provide information on the one:

Public Housing Agency Name	Enter the Percent of New Admissions into Public Housing and Housing Choice Voucher Program During FY 2021 who were experiencing homelessness at entry	Does the PHA have a General or Limited Homeless Preference?	Does the PHA have a Preference for current PSH program participants no longer needing intensive supportive services, e.g., Moving On?
Colorado Springs Housing Authority	25%	No	No
Colorado Department of Local Affairs	100%	Yes-Both	Yes

1C-7a.	Written Policies on Homeless Admission Preferences with PHAs.	
	NOFO Section VII.B.1.g.	

Describe in the field below:

1.	steps your CoC has taken, with the two largest PHAs within your CoC's geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference—if your CoC only has one PHA within its geographic area, you may respond for the one; or
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.

(limit 2,500 characters)

The El Paso County Housing Authority is a non-traditional housing authority and does not provide any type of housing vouchers or programs, therefore, they do not have a written policy for homeless admission preference. The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), includes a Governing Board which has representation from the Director of the El Paso County Housing Authority, the Deputy Director of the Colorado Springs Housing Authority (CSHA), and the Homeless Housing Program Manager for State Housing Vouchers with the Colorado Department of Local Affairs (DOLA). All are ex-officio members of the PPCoC Governing Board. Including this position on the PPCoC Board ensures that the County is aware of available resources and challenges impacting people experiencing homelessness, creates buy-in and understanding of CoC needs, and also helps inform the County's Consolidated Plan and spending of CDBG funding. The CSHA has not adopted homeless admission preference for all housing choice vouchers; however, the CSHA has several housing projects, including Emergency Housing Vouchers (EHV), project-based housing choice vouchers, and a HOME-funded housing project that has preference for homeless households and receives referrals through the PPCoC Coordinated Entry System. The CSHA entered into a formal MOU with the PPCoC to administer 101 EHVs in the community and worked collaboratively to identify two local housing providers to offer housing navigation assistance funding offered through the EHV and help households with navigation and document readiness. Similarly, the PPCoC works with the DOLA in administering an additional 33 EHVs to the community. All vouchers are being tracked in the local HMIS with support from Community Health Partnership, the Collaborative Applicant and HMIS and Coordinated Entry lead agency with data entry and management in HMIS.

Lastly, both CSHA and DOLA accept vouchers referrals for two permanent supportive housing (PSH) projects in the community: Greenway Flats and Freedom Springs. Greenway Flats is a 65-unit PSH site-based project in Colorado Springs specific to chronic, individual adults experiencing homelessness. Freedom Spring is a 50-unit PSH site-based project in El Paso County that is specific to chronically homeless veterans. Both PSH site-based projects have fully executed MOU agreements with the PPCoC for accepting referrals exclusively from Coordinated Entry System.

1C-7b.	Moving On Strategy with Affordable Housing Providers.	
	Not Scored—For Information Only	

Select yes or no in the chart below to indicate affordable housing providers in your CoC's jurisdiction that your recipients use to move program participants to other subsidized housing:

1.	Multifamily assisted housing owners	No
2.	PHA	No
3.	Low Income Housing Tax Credit (LIHTC) developments	Yes
4.	Local low-income housing programs	Yes
	Other (limit 150 characters)	
5.		

1C-7c.	Include Units from PHA Administered Programs in Your CoC's Coordinated Entry.	
	NOFO Section VII.B.1.g.	

In the chart below, indicate if your CoC includes units from the following PHA programs in your CoC's coordinated entry process?

1.	Emergency Housing Vouchers (EHV)	Yes
2.	Family Unification Program (FUP)	Yes
3.	Housing Choice Voucher (HCV)	Yes
4.	HUD-Veterans Affairs Supportive Housing (HUD-VASH)	Yes
5.	Mainstream Vouchers	No
6.	Non-Elderly Disabled (NED) Vouchers	No
7.	Public Housing	No
8.	Other Units from PHAs:	
	HOME-funded units	Yes

1C-7d.	Submitting CoC and PHA Joint Applications for Funding for People Experiencing Homelessness.	
	NOFO Section VII.B.1.g.	

1.	Did your CoC coordinate with a PHA(s) to submit a competitive joint application(s) for funding or jointly implement a competitive project serving individuals or families experiencing homelessness (e.g., applications for mainstream vouchers, Family Unification Program (FUP), other programs)?	Yes
		Program Funding Source
2.	Enter the type of competitive project your CoC coordinated with a PHA(s) to submit a joint application for or jointly implement.	Emergency Housing Vouchers

1C-7e.	Coordinating with PHA(s) to Apply for or Implement HCV Dedicated to Homelessness Including Emergency Housing Voucher (EHV).	
	NOFO Section VII.B.1.g.	

	Did your CoC coordinate with any PHA to apply for or implement funding provided for Housing Choice Vouchers dedicated to homelessness, including vouchers provided through the American Rescue Plan?	Yes
--	--	-----

1C-7e.1.	List of PHAs with Active MOUs to Administer the Emergency Housing Voucher (EHV) Program.	
	Not Scored—For Information Only	

Does your CoC have an active Memorandum of Understanding (MOU) with any PHA to administer the EHV Program?
--

Yes
-----

If you select yes to question 1C-7e.1., you must use the list feature below to enter the name of every PHA your CoC has an active MOU with to administer the Emergency Housing Voucher Program.
---

PHA
Colorado Springs ...
Colorado Departme...

## **1C-7e.1. List of PHAs with MOUs**

**Name of PHA:** Colorado Springs Housing Authority

## **1C-7e.1. List of PHAs with MOUs**

**Name of PHA:** Colorado Department of Local Affairs

## 1D. Coordination and Engagement Cont'd

1D-1.	Discharge Planning Coordination.	
	NOFO Section VII.B.1.h.	

Select yes or no in the chart below to indicate whether your CoC actively coordinates with the systems of care listed to ensure persons who have resided in them longer than 90 days are not discharged directly to the streets, emergency shelters, or other homeless assistance programs.

1. Foster Care	Yes
2. Health Care	Yes
3. Mental Health Care	No
4. Correctional Facilities	Yes

1D-2.	Housing First—Lowering Barriers to Entry.	
	NOFO Section VII.B.1.i.	

1.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2022 CoC Program Competition.	7
2.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2022 CoC Program Competition that have adopted the Housing First approach.	7
3.	This number is a calculation of the percentage of new and renewal PSH, RRH, SSO non-Coordinated Entry, Safe-Haven, and Transitional Housing projects the CoC has ranked in its CoC Priority Listing in the FY 2022 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	100%

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section VII.B.1.i.	

Describe in the field below:

1.	how your CoC evaluates every recipient—that checks Housing First on their Project Application—to determine if they are actually using a Housing First approach;
2.	the list of factors and performance indicators your CoC uses during its evaluation; and
3.	how your CoC regularly evaluates projects outside of the competition to ensure the projects are using a Housing First approach.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has a year-round evaluation process for monitoring performance of and evaluating program success of CoC Project recipients. CoC-recipients are monitored by the Collaborative Applicant and the PPCoC Governing Board's Monitoring Committee. As a condition of monitoring, CoC Project-recipients are required to complete a Self-Assessment annually, which is used by the PPCoC Monitoring Committee for Project evaluation and performance during monitoring visits. Within the Self-Assessments are several questions about Housing First to evaluate Project performance:

- Explain how your agency ensures that accessing housing is low barrier and person-centered. Please provide examples of how households are outreached for admission, documents are gathered, and how your agency delivers services to be person-centered and trauma informed.
- How do you educate participants about their lease and occupancy agreement terms?

- Describe how the project uses a Housing First approach. Include 1) eligibility criteria, 2) process for accepting new clients, 3) process and criteria for exiting clients. Demonstrate that there are no preconditions to project entry and project participants are terminated in only the most severe cases.

In addition, the PPCoC evaluates CoC-funded Project Recipients for Housing First through the PPCoC Ranking and Prioritization Committee's evaluation during the annual CoC NOFO funding competition. Key concepts of Housing First that are evaluated by the PPCoC Ranking and Prioritization Committee during the local competition process are: 1.) Minimizing programmatic prerequisites to permanent housing entry. 2.) Promoting low barrier-admission to housing programs. 3.) Streamlining the entry process into housing programs in order to maximize time and efficiency. 4.) Persistently offering voluntary supportive services. And 5.) Honoring the rights, responsibilities, and legal protections of clients.

Lastly, CoC-Projects are evaluated on their use of Coordinated Entry (CE) to ensure that all Projects accepting referrals through CE must adhere to the same guiding principles on keeping referrals low-barrier. Evaluation of referrals through CE for Projects is reviewed by the CE Advisory Committee, a Committee of the PPCoC that includes at least one person with lived/living homeless experience.

1D-3.	Street Outreach–Scope.	
	NOFO Section VII.B.1.j.	
	Describe in the field below:	
1.	your CoC's street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;	
2.	whether your CoC's Street Outreach covers 100 percent of the CoC's geographic area;	
3.	how often your CoC conducts street outreach; and	
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on the CoC System Performance Measures. Within the Strategic Plan, the PPCoC Governing Board and Collaborative Applicant identified 13 Measurable Strategic Objectives linked to System Performance Measures and Street Outreach programming is specifically called out as having a role in 8 of the Objectives. In recognition of the importance of Street Outreach to support unsheltered people experiencing homelessness and reaching the PPCoC Strategic Goals, the PPCoC Governing Board created a Street Outreach Committee in February 2022 made up of all the participating Street Outreach providers in El Paso County, the Colorado Springs Fire Department, and law enforcement representatives from the Colorado Springs Police Department and El Paso County Sheriff's Office. The Street Outreach includes people with lived unsheltered homeless experience and veteran and runaway homeless youth providers to specifically support two of the largest unsheltered homeless populations in the PPCoC.

The PPCoC Street Outreach Committee is able to offer nearly 100% coverage of the geographic location through collaboration between law enforcement and Outreach providers through identification of unsheltered homeless people and locations encampments. In efforts to reduce criminalization of homelessness, Outreach providers go out with law enforcement and the Fire Department. Street Outreach services were previously offered only during normal hours of business but have since been expanded by runaway homeless youth providers to extend to 10:00pm several days a week.

Street Outreach occurs regularly at regional libraries, public parks, and known homeless encampments. To reduce barriers to assistance, outreach workers develop relationships and build rapport over time to help unsheltered persons experiencing homelessness are engaged with homeless assistance services. All outreach efforts are tracked in HMIS including services and dates of engagement to support tracking of permanent and temporary housing placements. In addition, all HUD required intake metrics are tracked in HMIS to note changes in disabling conditions, public benefits, and income. In 2021, location base services have been tracked by Outreach providers in HMIS to map the delivery and location of unsheltered homelessness in the geographic location.

1D-4.	Strategies to Prevent Criminalization of Homelessness.	
	NOFO Section VII.B.1.k.	

Select yes or no in the chart below to indicate strategies your CoC implemented to ensure homelessness is not criminalized and to reverse existing criminalization policies in your CoC's geographic area:

		Ensure Homelessness is not Criminalized	Reverse Existing Criminalization Policies
1.	Engaged/educated local policymakers	Yes	No
2.	Engaged/educated law enforcement	Yes	No
3.	Engaged/educated local business leaders	Yes	Yes
4.	Implemented community wide plans	Yes	Yes
5.	Other:(limit 500 characters)		

--	--	--

1D-5.	Rapid Rehousing–RRH Beds as Reported in the Housing Inventory Count (HIC).	
	NOFO Section VII.B.1.i.	

		2021	2022
	Enter the total number of RRH beds available to serve all populations as reported in the HIC—only enter bed data for projects that have an inventory type of “Current.”	179	207

1D-6.	Mainstream Benefits–CoC Annual Training of Project Staff.	
	NOFO Section VII.B.1.m.	

Indicate in the chart below whether your CoC trains program staff annually on the following mainstream benefits available for program participants within your CoC's geographic area:

	Resource	CoC Provides Annual Training?
1.	Food Stamps	Yes
2.	SSI–Supplemental Security Income	Yes
3.	TANF–Temporary Assistance for Needy Families	Yes
4.	Substance Abuse Programs	Yes
5.	Employment Assistance Programs	No
6.	Other (limit 150 characters)	

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
	NOFO Section VII.B.1.m	

Describe in the field below how your CoC:

1.	systemically provides up-to-date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC's geographic area;
2.	works with project staff to collaborate with healthcare organizations, including substance abuse treatment and mental health treatment, to assist program participants with receiving healthcare services; and
3.	works with projects to promote SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works to incorporate mainstream benefits and other assistance through representation of the PPCoC Governing Board and data sharing agreements with partner agencies offering supportive services to housing providers. The PPCoC has partner and data sharing agreements with representatives from El Paso County Department of Human Services (DHS), regional Health First Colorado Medicaid, the largest community mental health provider, and largest Federally Qualified Health Center. Most recently, the Collaborative Applicant organization, Community Health Partnership (CHP), has met with State and County DHS leaders to conduct cross-training of programmatic offerings. El Paso County DHS has been an active participant in connecting public benefits such as TANF, SNAPs, OAP, and Medicaid to homeless service organizations such as street outreach providers, CoC Project-Recipients, and emergency shelter providers. These connections, through Care Coordination, has streamlined referrals for public cash and non-cash benefits and helped drive programmatic success for connecting households experiencing homelessness to public benefits.

The PPCoC has conducted training with El Paso County DHS Family and Youth services to orient case managers towards CoC-funded projects and homeless services. Similarly, DHS staff have agreed to conduct benefits trainings directly with homeless service provider agencies and through PPCoC monthly education and membership meetings. Trainings include ways to become SOAR-certified and the availability of public cash and non-cash benefits. The PPCoC works directly with DHS through their child welfare, foster youth program known as Chafee. A Chafee representative participates in Coordinated Entry and helps identify foster youth who are homeless or at risk of homelessness for housing assistance and eligible mainstream public benefits. Similarly, the PPCoC has given several trainings to the regional Medicaid provider, Colorado Community Health Alliance (CCHA), to help with explaining the connection between health and housing. CCHA participates actively in Coordinated Entry and has entered into agreement with the PPCoC to support households who are placed into housing for Emergency Housing Vouchers (EHVs). CCHA further connects homeless service providers and CoC Project-Recipients to outpatient substance use and behavioral health treatment.

1D-7.	Increasing Capacity for Non-Congregate Sheltering.	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC is increasing its capacity to provide non-congregate sheltering.

(limit 2,500 characters)

The Colorado Springs/EI Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has been able to work with the City of Colorado Springs to expand non-congregant emergency shelter beds, particularly as a result of the COVID-19 pandemic. At the beginning of COVID in 2020, the community did not have any non-congregant shelter beds outside of a few shelter beds dedicated to families. To respond and prevent the spread of COVID-19 in the emergency shelter homeless population, the Collaborative Applicant, Community Health Partnership (CHP), worked with the City of Colorado Springs and the El Paso County Department of Public Health to utilize the City of Colorado Springs' public Auditorium for non-congregate emergency shelter beds to de-densify and allow for people found positive or suspected of being positive for COVID-19 to isolate in a safe shelter option away from the congregate shelter setting. Through the introduction of CARES Act funds in September 2020, CHP and the City of Colorado Springs were able to identify an un-utilized hotel owned by a regional residential treatment and corrections aftercare provider, ComCor Inc. Through technical assistance support, funding, and training offered by the City of Colorado Springs and CHP, ComCor was able to convert their un-utilized hotel into a non-congregant emergency shelter facility. ComCor was able to meet the demand for COVID-isolation emergency shelter cases and expanded to serve over 61-year-round and 75-overflow emergency shelter beds reported on the 2022 Housing Inventory Count as their City Hope program.

City Hope had been primarily funded through ESG-CV funds made available in the CARES Act, and the PPCoC, the City of Colorado Springs, and CHP are all working together to support transitioning into new funding opportunities as the ESG-CV funds are running out. ComCor Inc. hired the Director of El Paso County Public Health to work on creating a recuperative care model for homeless individuals, youths, and families who are discharging from hospital settings with acute health concerns to have safe, non-congregate shelter options with additional medical support onsite to support their recovery. CHP has connected ComCor Inc. to funding made available by the Colorado State Office of Behavioral Health and Department of Local Affairs to continue operations of the non-congregate shelter past the expiration of the CARES Act funding.

ID-8.	Partnerships with Public Health Agencies—Collaborating to Respond to and Prevent Spread of Infectious Diseases.	
	NOFO Section VII.B.1.o.	
	Describe in the field below how your CoC effectively collaborates with state and local public health agencies to:	
1.	develop CoC-wide policies and procedures to respond to infectious disease outbreaks; and	
2.	prevent infectious disease outbreaks among people experiencing homelessness.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works closely with El Paso County Department of Public Health (EPCPH) and the State Colorado Department of Public Health and Environment (CDPHE) on public health concerns. The PPCoC has worked closely with both public health providers to develop written policies to increase vaccination distribution in the region, continue to maintain focus on prevention and responding to COVID-19, and addressing new and novel public health issues such as the spread of Monkeypox.

CDPHE and EPCPH coordinated the Colorado distribution of vaccines to communities. El Paso County, being the most populous county in Colorado, received less COVID-19 vaccine distribution proportionally compared to other urban counties in Colorado, which meant that vaccine distribution was done with an incredible amount of planning and strategic implementation. The PPCoC coordinated directly with EPCPH, healthcare facilities such as the two largest hospitals systems and Peak Vista, the region's Federally Qualified Health Center. Peak Vista worked with the PPCoC's largest shelter for individual adults, Springs Rescue Mission, to offer vaccine clinics onsite. People who are homeless were also offered transportation paid for through Health First Colorado Medicaid, to transport any people who are homeless who sought to have a two-dose vaccine directly to a Peak Vista clinic and back. EPCPH also worked with distributing vaccines at the largest regional youth homeless shelter, The Place, and family shelter, Family Promise, as well as the second largest shelter system through Salvation Army.

In addition, Community Health Partnership, the CoC Collaborative Applicant, received a grant from Kaiser Permanente to deliver vaccines to unsheltered people who are homeless throughout community pop-up events at highly trafficked areas for homeless such as public libraries, the soup kitchen, and directly to encampments through targeted homeless street outreach teams by the Colorado Springs Fire Department. Incentives were given to people who are homeless in the form of gift cards to further incentive vaccine implementation. Most recently, CHP connected CDPHE to community leads on the ongoing spread of monkeypox in communities around the world. CDPHE has included CoC Project-recipients and homeless lead providers in weekly calls to provide education and best practices on addressing the spread of Monkeypox locally.

ID-8a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section VII.B.1.o.	
	Describe in the field below how your CoC effectively equipped providers to prevent or limit infectious disease outbreaks among program participants by:	
1.	sharing information related to public health measures and homelessness, and	
2.	facilitating communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), led the community in communicating homeless information related to changing of local homeless services, best practice safety measures, and vaccine implementation. The PPCoC used the CoC Membership email Listserv to share updates with over 400 community homeless providers and people experiencing homelessness. Messaging included information on how to access the temporary homeless isolation shelter, updates on access to COVID testing and vaccines for homeless persons, best practices on safety measures like social distancing and mask wearing, and information on service providers with take-away items such as food, water, and hygiene items. The PPCoC utilized the Coordinated Entry System (CES) to share weekly updates during case conferencing from service providers. Updates were tracked and shared out through weekly newsletters from homeless service providers discussing new services and funding opportunities, changes in hours of operation for service providers, and mobile food pantries. Newsletter updates from CES are shared out through the Coordinated Entry Listserv, which includes over 120 homeless housing providers, physical and behavioral health providers, emergency shelter providers, and community case managers. Community Health Partnership, the Collaborative Applicant, applied for and received a grant from Kaiser Permanente to provide incentives for homeless persons to receive COVID tests and vaccines, as well as PPE and flu shots. CHP partnered directly with the Colorado Springs Fire Department's Homeless Street Outreach Program (CSFD HOP), Peak Vista, and the regional library system to deliver COVID vaccines, tests, and PPE directly to people experiencing homelessness. The CSFD HOP went into encampments and along trails with coolers to deliver vaccines and testing to homeless persons. In addition, the PPCoC coordinated with local services provide to deliver PPE, hygiene items, bagged takeaway food items, and toiletries to unsheltered homeless members in the geographic region at site-based faith-based organizations and community non-profits dedicated to supporting homeless persons. Lastly, the PPCoC signed a data sharing agreement with the El Paso County Department of Public Health to further support transparency and data sharing among homeless service providers utilizing the HMIS software and share real-time data publicly to address community needs.

1D-9.	Centralized or Coordinated Entry System—Assessment Process.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC's coordinated entry system:	
1.	covers 100 percent of your CoC's geographic area;	
2.	uses a standardized assessment process; and	
3.	is updated regularly using feedback received from participating projects and households that participated in coordinated entry.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), offers complete coverage of the CoC's geographic region through the PPCoC Coordinated Entry System (CE). CE partners with 30 local agencies in El Paso County. These partnering agencies are made up of Emergency Service providers, Housing providers, Services providers, Healthcare providers, Street Outreach Providers, Faith-Based Organizations, and El Paso County Public Service agencies. CE convenes these partnering agencies weekly to review available housing resources, update existing housing resources, and assign households experiencing homelessness to housing placements through the housing referral process. All referrals are discussed with dignity and respect for the people who are being impacted and done so in a way that creates equal opportunities for people regardless of age, race, ethnicity, gender identity, sexual orientation, disabling conditions, or religious beliefs. CE supports people who are living in unsheltered homelessness and prioritizes referrals to support a low-barrier Housing First model in not requiring documentation as a pre-condition of housing referrals. Community Health Partnership, as the CE Project-Recipient, organizes and facilitates the CE meeting including providing meeting materials, community updates, housing navigation assistance, and technical assistance for partnering agencies. CHP oversees any changes to the Coordinated Entry System Policies and Procedures (CES P&P). The CES P&P were last rewritten and adopted by the PPCoC Governing Board in February 2022. The CES P&P are reviewed and updated bi-annually by a sub-committee of the PPCoC known as the CE Advisory Committee. The CE Advisory Committee includes at least one person with lived experience to incorporate their perspective into the discussion. The CE Advisory Committee meets on a monthly basis to accept feedback from participating projects, funders, and households actively participating in CE. The PPCoC CE is operationalized through the PPCoC HMIS. CE puts together the weekly priority list of homeless households using required data elements and housing needs assessments tracked in HMIS. All training is standardized on the use of the community's Housing Needs Assessments. CE is able to track all required data and housing referral elements needed for the APR using HMIS, which helps drive improvements to the PPCoC's System Performance Measures.

1D-9a.	Program Participant-Centered Approach to Centralized or Coordinated Entry.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC's coordinated entry system:	
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;	
2.	prioritizes people most in need of assistance;	
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their preferences; and	
4.	takes steps to reduce burdens on people using coordinated entry.	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), advertises Coordinated Entry (CE) through a variety of approaches to ensure fair and equal access to all potential households seeking housing assistance. Most importantly, the PPCoC represents the entire geographic region of El Paso County, Colorado, which includes both urban, suburban, and rural communities. In order to meet this diverse geographic need, CE has 17 designated agencies and over 25 locations where trained community partners conduct the housing needs assessment. In addition to access points for literally homeless resources, CE also has 13 designated locations for at risk of homeless housing assistance resources in the form of homeless prevention and/or financial assistance. All access points are accessible by people experience a housing crisis regardless of disabling conditions, socio-economic background, and household demographics. CE works with street outreach providers and public service agencies to meet homeless persons where they are at in a low-barrier, person-centered approach. This approach in street outreach connects unsheltered persons to access points for housing assistance. Street outreach providers conduct housing needs assessments in-person at homeless camps and with unsheltered persons to ensure all vulnerable households experience a housing crisis are assessed for housing resources.

CE collaborates with emergency service and victim service providers (VSP) to allow homeless households to access immediate housing needs through a no wrong door policy. This policy means that any persons experiencing a housing crisis presenting at a housing access point will be provided help to access a shelter (VSP or emergency) or medical facility when they present with an emergency outside business hours. All access points have staff available, or posted notices, directing to an emergency service to assist anyone. In FY2021, the CE Project-Recipient expanded the CE grant to add a Housing Navigator position. The Housing Navigator helps track obstacles and barriers to housing experienced by housing participants. Adding a Housing Navigator helps expand housing navigation to a diversity of homeless housing providers who otherwise do not have the capacity. The CE project has been able to send daily affordable housing unit vacancies in the community to housing case managers searching for housing to reduce burdens on people participating in CE.

1D-10.	Promoting Racial Equity in Homelessness—Conducting Assessment.	
	NOFO Section VII.B.1.q.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	03/15/2022

1D-10a.	Process for Analyzing Racial Disparities—Identifying Racial Disparities in Provision or Outcomes of Homeless Assistance.	
	NOFO Section VII.B.1.q.	

	Describe in the field below:
1.	your CoC's process for analyzing whether any racial disparities are present in the provision or outcomes of homeless assistance; and
2.	what racial disparities your CoC identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), utilizes data out of the Homeless Management Information System (HMIS) to analyze racial disparities present in homeless assistance programs in the geographic location. The PPCoC has analyzed racial disparities through a variety of methods over the past several years focusing on comparison of population proportionality of El Paso County (EPC) Census numbers to homeless data out of HMIS and through the PPCoC's participation in the Away Home America and Built for Zero initiatives. In January 2022, the PPCoC conducted a systematic review of 2020 HMIS data compared to EPC data up through 2020. The homeless population of PPCoC is disproportionately made up of Black, Indigenous, and other people of color (BIPOC) relative to the wider El Paso County population. While Black people make up only 6% of EPC residents, Black individuals made up 20% of all homeless residents in across the PPCoC region. Similarly, the Indigenous population of EPC residents made up only 0.7% of the census resident population, however, the homeless population of the PPCoC was reported to be 3.3% Indigenous people. Overall, nearly 35% of PPCoC's 2020 homeless population identify as BIPOC - compared to only 20% of El Paso's population as a whole. In reviewing Census data back to 2009, this over-representation of BIPOC in EPC's homelessness population has remained consistent over the past 10 years.

The PPCoC participates in the Away Home America and Built for Zero (BFZ) initiatives since 2017 and 2019, respectively, reporting on monthly demographic data of veterans and runaway youth homelessness. In March 2022, the PPCoC participated in a racial equity analysis with all other BFZ communities in Colorado to focus on the PPCoC's indicators of a racially equitable system. As part of the analysis the PPCoC looked at runaway homeless youth data from 2021 reported out of HMIS. In 2021, the PPCoC identified 281 homeless youth per month on average. Of the 281 homeless youth, 125 report being young people of color defined as a minority race or ethnicity (44%), 29 report LGBTQ+ status (10%), and 9 report transgender or non-binary genders (3%). These demographic disparities note important priorities for the PPCoC in developing strategies to prevent and end youth homelessness as well as prioritizing funding and resources for recipients who address these inequities among youth experiencing homelessness.

1D-10b.	Strategies to Address Racial Disparities.	
	NOFO Section VII.B.1.q.	
Select yes or no in the chart below to indicate the strategies your CoC is using to address any racial disparities.		

1.	The CoC's board and decisionmaking bodies are representative of the population served in the CoC.	No
2.	The CoC has identified steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC.	Yes
3.	The CoC is expanding outreach in geographic areas with higher concentrations of underrepresented groups.	Yes
4.	The CoC has communication, such as flyers, websites, or other materials, inclusive of underrepresented groups.	Yes
5.	The CoC is training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness.	Yes
6.	The CoC is establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector.	Yes
7.	The CoC has staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness.	Yes
8.	The CoC is educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity.	Yes
9.	The CoC reviewed coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness.	Yes
10.	The CoC is collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system.	Yes
11.	The CoC is conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness.	Yes
	Other:(limit 500 characters)	
12.	Collaborative Applicant has completed internal Justice, Equity, Diversity, and Inclusion (J.E.D.I.) training through a lens of White Oppression	Yes

1D-10c.	Actions Taken to Address Known Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the steps your CoC and homeless providers have taken to address disparities identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has worked collaboratively with the CoC Collaborative Applicant, Community Health Partnership (CHP), to act in addressing known racial disparities in the community. CHP is fully committed to racial Justice, Health Equity, Diversity, and Inclusion (J.E.D.I.) and has a goal “to disrupt oppression and create equitable systems by seeking out the knowledge, tools, and confidence to address diversity, equity, and inclusion within our organization so that we can build the capacity of our partners to create equitable systems in our community.”

CHP brings J.E.D.I. work to the PPCoC and the community through several goals: 1.) Increase staff and leadership expertise and understanding on anti-oppression and DEI principles and methodology, and to prepare staff for organizational changes around DEI. 2.) Utilize information and feedback gathered from the organizational assessment and trainings to develop and implement tools and strategies for deeper diversity, equity, and inclusivity at CHP. 3.) Determine whether external and internal organizational communications are effectively communicating organizational values around diversity, equity, and inclusion. 4.) Develop communications strategies that are culturally responsive, especially in the context of the community being served, and inclusive to marginalized populations. And 5.) Increase community partner’s expertise and understanding on anti-oppression and DEI principles and methodology, and to prepare them to bring organizational changes around DEI to their organizations and create systems that are more equitable for the community. These action steps are being implemented by CHP and the PPCoC through community training and workshops.

CHP has expanded the focus of its’ programming to include a LGTBQIA2+ Health Equity Project Manger focused on expanding gender-affirming care and education to healthcare providers in El Paso County. CHP is currently conducting a community needs assessment on LGTBQIA2+ services to address identified gaps and barriers in service delivery for people experiencing homelessness and identifying as LGTBQIA2+.

To evaluate and improve delivery and outcomes of homeless assistance in the community, the PPCoC has incorporated racial equity questions into the PPCoC Monitoring and Ranking and Prioritization Committee’s work, which are used as scoring markers for project performance and evaluation.

1D-10d.	Tracking Progress on Preventing or Eliminating Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the measures your CoC has in place to track progress on preventing or eliminating disparities in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), tracks progress on preventing and eliminating identified disparities in the community. Progress is tracked through bi-annual updates to the PPCoC 3-Year Strategic Plan with linked Strategic Measurable Objectives addressing disparities and through participation in the Colorado-statewide HMIS Collaborative's Strategic Planning work.

The PPCoC conducted a System Design Clinic (SDC) in January 2021 through contracting with the National Alliance to End Homelessness (NAEH). During the SDC, NAEH used a racial equity tool and reviewed Federal reporting completed by the PPCoC to present on ways to improve system performance. Several areas of growth were identified for the PPCoC, which were incorporated in the PPCoC Strategic Plan, released in October 2021. Those areas of growth include aligning the PPCoC strategic goals with System Performance Measures, tracking known disparities among vulnerable homeless subpopulations, and increasing racial equity data collection. The PPCoC identified tracking progress on LGTBQIA2+ and racial disparities in their Strategic Plan. Strategic Planning progress on eliminating disparities and tracking equity progress are tracked throughout the year and reported to PPCoC Membership at least twice a year during PPCoC Membership meetings. The PPCoC participates in a statewide implementation of HMIS in collaboration with the other three CoCs of Colorado. This collaboration is known as the Colorado HMIS Collaborative (COHMIS). In September 2021, the COHMIS identified racial equity as a Strategic Driver for the work of the COHMIS and framed a goal around "Translating Equity Data into Action." As part of the Strategic Driver, the COHMIS has set metrics for recruiting BIPOC and person with lived homeless experience leadership for decision making, creating common equity language and definitions to be used by the CoCs, evaluate upstream and homeless systems data for baselines and inequity, and provide ongoing technical assistance from equity expertise. These metrics are reviewed by the COHMIS quarterly and in collaboration with the Colorado State Department of Local Affairs (DOLA). Progress updates on tracking disparities are used by DOLA in their request for funding proposals for all Colorado State funded projects to support homeless assistance projects applying for funding that are focused on preventing and eliminating known disparities.

1D-11.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC's Outreach Efforts.	
	NOFO Section VII.B.1.r.	

Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decision making processes.

(limit 2,500 characters)

The Colorado Springs/EI Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has sought feedback and inclusion in strategic decision making of the PPCoC from people with lived and living homeless experience in a variety of ways. The PPCoC Governing Board is the strategic decision-making body for the PPCoC and consists of 13 – 21 voting members. Currently, the PPCoC Governing Board includes 17 voting members and 2 of whom are people with lived, unsheltered homeless experience. The perspective of including those voices in the PPCoC decision making and strategic planning efforts has been paramount to the PPCoC's strategy in evaluating and offering solutions to homeless service delivery for the community.

In addition, the PPCoC Governing Board created a Street Outreach Committee in February 2022 led and facilitated by people with unsheltered homeless experience who are now dedicated street outreach case managers and supervisors. The Street Outreach Committee is focused on engagement strategies to address unsheltered homeless problem solving through having direct conversations with people living unsheltered in the geographic location. Furthermore, the Street Outreach Committee seeks direct conversation with people living unsheltered in evaluating service delivery and goal setting for street outreach efforts and collaboration with law enforcement.

Lastly, the PPCoC solicits feedback of the PPCoC membership, which includes people with lived and living homeless experiences on a regularly basis throughout the year. The PPCoC's outreach efforts to engage membership is through recruitment strategies of people with lived experience requesting membership through public online and social media postings, target outreach with flyers posted at food pantries such as the Marian House Soup Kitchen, and through targeted focus group conversations with incentives offered to people with lived/living homeless experience at locations like food pantries and the community public libraries. The PPCoC solicitation efforts for feedback is incorporated into the PPCoC Strategic Planning efforts and communicating success of participating homeless assistance providers of the PPCoC with an emphasis on stigma reduction and awareness.

1D-11a.	Active CoC Participation of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Enter in the chart below the number of people with lived experience who currently participate in your CoC under the five categories listed:

	Level of Active Participation	Number of People with Lived Experience Within the Last 7 Years or Current Program Participant	Number of People with Lived Experience Coming from Unsheltered Situations
1.	Included and provide input that is incorporated in the local planning process.	44	17
2.	Review and recommend revisions to local policies addressing homelessness related to coordinated entry, services, and housing.	44	17
3.	Participate on CoC committees, subcommittees, or workgroups.	3	2
4.	Included in the decisionmaking processes related to addressing homelessness.	44	17
5.	Included in the development or revision of your CoC's local competition rating factors.	2	1

1D-11b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), the PPCoC is focused on providing professional development and employment opportunities to people who are experiencing homeless and have lived experience of homelessness. Specifically, Catholic Charities of Central Colorado (CCCC) is one of the largest homeless employment providers focused on all homeless and low-income households to increase employment income. CCCC programs provide individualized assistance with personal and professional development in areas from job search to basic computer skills. Educational opportunities, such as financial literacy, resume writing classes, computer skills classes, on-site job fairs and interview opportunities as well as life skill mentoring, and coaching are available. All CoC-funded projects are evaluated on changes in participant income, which is tied to ranking for funding.

To increase access to employment, the PPCoC shares notices of job fairs, job training, and current employment opportunities through the PPCoC Membership that goes to approximately 400 plus people, people with living and lived homeless experience and homeless assistance program staff that pass the information on directly to people with lived homeless experience. CCCC's Hanifen Center location offers job counselors to help households prepare for interviews, job/volunteer opportunities to gain experience and positive references and provides childcare assistance for families with children. When available, participants are given vouchers to get clothing for interviews, bus passes/gas cards to get to interviews, or vouchers to purchase specialized job equipment.

The PPCoC has had some challenges in engaging the County's mainstream employment organization. The organization focuses on "employment ready" individuals. Many people experiencing homelessness are not necessarily employment ready. As a result, several service providers have developed employment readiness programs, volunteer work engagement programs at shelters to build work readiness skills and have engaged with local employers to offer a variety part-time and full-time job opportunities that meet individuals where they are at and develop job skills and history at the same time.

1D-11c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC:

1.	how your CoC routinely gathered feedback from people experiencing homelessness and people who have received assistance through the CoC or ESG program on their experience receiving assistance; and
----	---

- |    |   |
|----|---|
| 2. | the steps your CoC has taken to address challenges raised by people with lived experience of homelessness |
|----|---|

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has solicited feedback and challenges for people experiencing homelessness on a regular basis. Several examples show how the PPCoC has utilized efforts to solicit feedback and compensate people with lived and living homeless experience.

In February 2022, Community Health Partnership (CHP), as the PPCoC Collaborative Applicant, funded a homeless community-wide system map through funds made available by Kaiser Permanente. The final system map report was intended to identify gaps and barriers to homeless delivery in the geographic location. The report included two targeted focus group sessions where 10 people experiencing unsheltered homelessness were able to address inequities and barriers to delivery of homeless services by the PPCoC. All participants were compensated with Walmart gift cards for their time and bus passes. The system map further included over 30 survey responses from people who were living as homeless in the region as part of the community's Strategic Planning efforts completed in October 2021. Survey feedback pointed out further challenges to CoC and ESG funding assistance programs and identified geographic inequities, emergency shelter improvement ideas, and lack of affordable housing stock for people with rental subsidies offered by CoC and ESG funds.

The Place, who is the runaway homeless youth service provider and CoC-Project Recipient, conducted three youth needs assessments including the Youth Voice Agency Level Assessment (Y-VAL) to understand the homeless youth community needs, the Trauma-Informed Design Assessment used as the foundation of architectural design for a youth permanent supportive housing project under development, and the Healthy Transitions Needs Assessment in partnership with the Colorado Office of Behavioral Health focused on understanding youth needs in transition and access for homeless services. The Y-VAL assessment is designed to include youth voices in a collaborative approach to service delivery. The Trauma-Informed Design Assessment was used to create the vision and floor plan for a youth permanent supportive housing site-based project under development. And the Healthy Transition Needs Assessment on identifying barriers to healthcare and public services and completed by youth who have reported mental health conditions. All assessments were completed by youth experiencing or having experienced homelessness.

1D-12.	Increasing Affordable Housing Supply.	
	NOFO Section VII.B.1.t.	
	Describe in the field below at least 2 steps your CoC has taken in the past 12 months that engage city, county, or state governments that represent your CoC's geographic area regarding the following:	
1.	reforming zoning and land use policies to permit more housing development; and	
2.	reducing regulatory barriers to housing development.	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), has taken several steps in the past 12 months focused on engaging municipal and state governments on regulatory and barriers to housing development and increasing land use permitting for more affordable housing developments. Two specific steps done by the PPCoC include:

1.Participation by members of PPCoC Governing Board and Collaborative Applicant, Community Health Partnership, directly with the Colorado Department of Local Affairs (DOLA) and Colorado Housing and Finance Authority (CHFA) on upcoming legislation. During a special Outreach Session hosted by CHFA and DOLA in August 2022 in Colorado Springs, State governmental officials solicited public feedback on several pieces of legislation. Among those pieces of legislation that the PPCoC offered feedback were: HB22-1377 Grant Program Providing Responses to Homelessness, HB22-1083 Colorado Homeless Contribution Income Tax Credit, HB22-1242 Regulating Tiny Homes, HB22-1287 Protections for Mobile Home Park Residents, HB22-1282 Supporting Modular Construction, and HB22-1362 Updating Energy Codes. Many of the pieces of legislation focus on reducing regulatory barriers and finding creative housing solutions to increase affordable housing supply across the State of Colorado.

2.The PPCoC regularly collaborates with the City of Colorado Springs (COS) on affordable housing and regulations. The PPCoC Governing Board includes the City of COS' Community Development Manager on the Board. Between September 2021 and February 2022, the PPCoC created an ad-hoc committee focused on collaborating with the City of COS' in developing the City of COS' draft allocation plan for HOME-American Rescue Plan funds worth over \$5 million. In addition, the PPCoC is referenced and was a collaborative partner with the City of COS in their development of the "HomeCOS: Housing our Future" affordable housing plan. The HomeCOS plan was published in 2020 and highlights several strategies to reform zoning and land use policies and permit more housing development. Of note, the first objective in the plan is around housing for people experiencing homelessness. HomeCOS further highlights ideas such as creating a tiered development fee structure prorated to affordability levels, amend the city's land use policies to remove barriers for high density residential development, and create a program to finance affordable accessory dwelling units.

## 1E. Project Capacity, Review, and Ranking–Local Competition

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

1E-1.	Web Posting of Your CoC's Local Competition Deadline–Advance Public Notice.	
	NOFO Section VII.B.2.a. and 2.g.	
	You must upload the Local Competition Deadline attachment to the 4B. Attachments Screen.	

	Enter the date your CoC published the deadline for project applicants to submit their applications to your CoC's local competition.	08/12/2022
--	---	------------

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. We use the response to this question and the response in Question 1E-2a along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below.	
	NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen.

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
5.	Used data from comparable databases to score projects submitted by victim service providers.	No

1E-2a.	Scored Project Forms for One Project from Your CoC's Local Competition. We use the response to this question and Question 1E-2. along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below.	
	NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.

Complete the chart below to provide details of your CoC's local competition:

1.	What were the maximum number of points available for the renewal project form(s)?	40
2.	How many renewal projects did your CoC submit?	9
3.	What renewal project type did most applicants use?	PH-PSH

1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process.	
	NOFO Section VII.B.2.d.	

Describe in the field below:

1.	how your CoC collected and analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), addressed severe barriers for local project applicants through placing emphasis in scoring on addressing HUD's Policy Priorities and aligning with the PPCoC 3-Year Strategic Plan published in October 2021. The PPCoC asked all CoC-Project applicants to address HUD Policies Priorities in their responses as part of the PPCoC Local Competition. CoC Project-Applicants were scored based on how many HUD Policy Priorities they were able to address to include specific program participants served by the project with severe needs and vulnerabilities including people identifying as LGBTQIA2+, unsheltered homelessness, leveraging healthcare partnerships to support people with disabling conditions, and Black, Indigenous, and other people of color overrepresented in the homeless population. Ranking and scoring was directly tied to the CoC Project-Applicants descriptions of their projects performance to address these vulnerable populations and priorities. The Local Competition asked CoC Project-Applicants to describe ways they are supporting making homelessness rare, brief, and non-recurring in the geographic location by responding to the PPCoC's Strategic Plan, which is tied to the CoC's System Performance Measures (SPM). Each CoC Project-Applicant was reviewed and ranked on their performance and impact as a project to meet the PPCoC's Strategic Goals to improving SPMs. The PPCoC Monitoring Committee reviewed live HMIS dashboards created in Tableau of all CoC Projects-Applicants. The HMIS dashboards measure data quality and timeliness, which are all contributing factors when measuring project performance. Each CoC funded agency is monitored and evaluated annually by the PPCoC Monitoring Committee for project performance. Findings from each monitor are incorporated into the review and ranking of each project applicant. In determining severity of needs and vulnerabilities of program participants, Coordinated Entry (CE) data is reviewed to determine length of time people remain homeless. Households are prioritized in CE based on vulnerabilities such as, housing needs assessment score, length of time homeless, numbers of times homeless, and disabling conditions (physical, substance use, behavioral health). Vulnerability of households served by CoC Projects are reviewed annually by the CoC Monitoring Committee and contribute to the Local Project Reviewing & Ranking Process.

1E-3.	Promoting Racial Equity in the Local Competition Review and Ranking Process.	
	NOFO Section VII.B.2.e.	
	Describe in the field below:	
1.	how your CoC obtained input and included persons of different races, particularly those over-represented in the local homelessness population;	
2.	how the input from persons of different races, particularly those over-represented in the local homelessness population, affected how your CoC determined the rating factors used to review project applications;	
3.	how your CoC included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; and	
4.	how your CoC rated and ranked projects based on the degree to which their project has identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	

**(limit 2,500 characters)**

People experiencing homelessness in the Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), who are Black/African American/African population are 187% over-represented in the homeless population and the American Indian/Alaskan Native/Indigenous population are 310% over-represented in the homeless population compared to the general population according to the County census demographic data. Agencies representing these populations have been recruited and joined the PPCoC membership. Two individuals with lived experience are now serving on the PPCoC Governing Board.

The project ranking process included a question from the PPCoC Strategic Plan about how the applicant's project makes homelessness Rare by reducing the unsheltered homeless population and reducing first time homelessness, placing special attention on people identifying as black, indigenous, or people of color. Additionally, the ranking process scored project applicants on if they were addressing at least 5 out of 9 HUD Policy Priorities, one of which is racial equity.

Given the short timeframe to review applications for ranking projects in this year's competition, the PPCoC was unable to recruit persons that were representative of those over-represented in the local homeless population. This issue has already been identified as an area of improvement for next year's competition and new members for the review committee will be recruited early in 2023.

Projects were not ranked on the degree to which they have identified barriers to participation faced by persons of different races and ethnicities this year. The Ranking and Prioritization Committee (R&P) felt it wasn't fair to score organizations on this metric given that the PPCoC is still in the process of identifying barriers, building relationships with people with lived experience, and engaging appropriate organizations. To ensure that the PPCoC can measure projects on this in the future, the following has been done: PPCoC Strategic Plan added a goal of reducing the unsheltered homeless population & reducing first time homelessness placing special attention on people identifying as black, indigenous, or people of color; CE Policies were updated to add language around making housing referrals low-barrier, racially equitable, using a Housing First approach, and further advancing Affirmative Fair Housing Marketing; 2 new DV agencies focused on indigenous & black women & children received CoC funds

1E-4.	Reallocation—Reviewing Performance of Existing Projects.	
	NOFO Section VII.B.2.f.	
	Describe in the field below:	
1.	your CoC's reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;	
2.	whether your CoC identified any projects through this process during your local competition this year;	
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and	
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), Ranking and Prioritization Committee (R&P) reallocates projects based on the documented process for Ranking and Prioritization. The PPCoC may use the reallocation process to shift funds in whole, or part, from existing renewal projects to new project applications without decreasing the CoC's Annual Renewal Demand (ARD). Reallocation can be partially or fully applied to agencies who are underperforming or who choose to not renew their projects. The PPCoC approves all reallocation recommendations made by the Ranking and Prioritization (R&P) Committee.

One project was identified for voluntary reallocation this year. The grantee notified CHP on 8/29/22 that they did not wish to participate in the 2022 NOFO Competition. As a result of this voluntary reallocation and the fact that no new projects applied for funding, the R&P committee voted to reallocate these funds to the renewal projects.

To determine if a project is underperforming or less needed, the R&P evaluates project application narrative, reviews project expenditures from prior CoC awards, reviews CoC performance measures and scores each project on how effectively the project has addressed at least 5 of the 9 HUD Policy Priorities (Ending Homelessness for all persons, using a housing first approach, reducing unsheltered homelessness, improving system performance, partnering with housing, health and service agencies, racial equity, improving assistance to LGBTQ+ individuals, persons with lived experience, and increasing affordable housing supply) and shown how the project has made homelessness rare, brief, and non-recurring.

After reviewing and scoring renewal projects, the R&P committee determined that there were no projects that were underperforming or were less needed in this year's competition.

1E-4a.	Reallocation Between FY 2017 and FY 2022.	
	NOFO Section VII.B.2.f.	

	Did your CoC cumulatively reallocate at least 20 percent of its ARD between FY 2017 and FY 2022?	Yes
--	--	-----

1E-5.	Projects Rejected/Reduced–Notification Outside of e-snaps.	
	NOFO Section VII.B.2.g.	
	You must upload the Notification of Projects Rejected-Reduced attachment to the 4B. Attachments Screen.	

1.	Did your CoC reject or reduce any project application(s)?	No
2.	Did your CoC inform applicants why their projects were rejected or reduced?	No

3.	If you selected Yes for element 1 of this question, enter the date your CoC notified applicants that their project applications were being rejected or reduced, in writing, outside of e-snaps. If you notified applicants on various dates, enter the latest date of any notification. For example, if you notified applicants on 06/26/2022, 06/27/2022, and 06/28/2022, then you must enter 06/28/2022.	
----	--	--

1E-5a.	Projects Accepted–Notification Outside of e-snaps.	
	NOFO Section VII.B.2.g.	
	You must upload the Notification of Projects Accepted attachment to the 4B. Attachments Screen.	

	Enter the date your CoC notified project applicants that their project applications were accepted and ranked on the New and Renewal Priority Listings in writing, outside of e-snaps. If you notified applicants on various dates, enter the latest date of any notification. For example, if you notified applicants on 06/26/2022, 06/27/2022, and 06/28/2022, then you must enter 06/28/2022.	09/14/2022
--	--	------------

1E-5b.	Local Competition Selection Results–Scores for All Projects.	
	NOFO Section VII.B.2.g.	
	You must upload the Final Project Scores for All Projects attachment to the 4B. Attachments Screen.	

	Does your attachment include: 1. Applicant Names; 2. Project Names; 3. Project Scores; 4. Project Rank–if accepted; 5. Award amounts; and 6. Projects accepted or rejected status.	Yes
--	--	-----

1E-5c.	1E-5c. Web Posting of CoC-Approved Consolidated Application.	
	NOFO Section VII.B.2.g.	
	You must upload the Web Posting–CoC-Approved Consolidated Application attachment to the 4B. Attachments Screen.	

	Enter the date your CoC posted the CoC-approved Consolidated Application on the CoC's website or partner's website—which included: 1. the CoC Application; and 2. Priority Listings for Reallocation forms and all New, Renewal, and Replacement Project Listings.	09/28/2022
--	--	------------

1E-5d.	Notification to Community Members and Key Stakeholders that the CoC-Approved Consolidated Application is Posted on Website.	
	NOFO Section VII.B.2.g.	
	You must upload the Notification of CoC-Approved Consolidated Application attachment to the 4B. Attachments Screen.	

	Enter the date your CoC notified community members and key stakeholders that the CoC-approved Consolidated Application has been posted on the CoC's website or partner's website.	09/28/2022
--	---	------------

## 2A. Homeless Management Information System (HMIS) Implementation

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

2A-1.	HMIS Vendor.	
	Not Scored—For Information Only	

	Enter the name of the HMIS Vendor your CoC is currently using.	Clarity Human Services
--	--	------------------------

2A-2.	HMIS Implementation Coverage Area.	
	Not Scored—For Information Only	

	Select from dropdown menu your CoC's HMIS coverage area.	Statewide
--	--	-----------

2A-3.	HIC Data Submission in HDX.	
	NOFO Section VII.B.3.a.	

	Enter the date your CoC submitted its 2022 HIC data into HDX.	04/25/2022
--	---	------------

2A-4.	Comparable Database for DV Providers—CoC and HMIS Lead Supporting Data Collection and Data Submission by Victim Service Providers.	
	NOFO Section VII.B.3.b.	

	In the field below:
1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in databases that meet HUD's comparable database requirements; and
2.	state whether your CoC is compliant with the 2022 HMIS Data Standards.

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works closely with Domestic Violence and Victim Service Providers (VSPs) in the community to ensure VSPs are able to meet Federally required reporting deadlines. For example, the HMIS Lead Agency and PPCoC administering agency, Community Health Partnership, works in collaboration with the City of Colorado Springs to assist with all of their SAGE Emergency Solutions Grant (ESG) Consolidated Annual Performance and Evaluation Report (CAPER) uploads by running reporting for all ESG- and ESG-CV recipients and uploading into SAGE, to include VSP reporting from ESG-awarded VSPs.

The HMIS Lead also collaborates with the other Continuums of Care in Colorado through a statewide HMIS implementation (COHMIS) and forms work committee to discuss comparable database needs for HUD funded VSPs to be compliant with the Violence Against Women Act (VAWA) and the Family Violence Prevention Services Act (FVPSA) as they are prohibited from entering personally identifying information into HMIS. The COHMIS works with community vendors used by VSPs locally such as CAFÉ and EmpowerDB. CAFÉ, which is a Comparable Database for VSPs using Salesforce, has been able to produce all of the required CAPER and APR reporting for the State Department of Local Affairs (DOLA) and is compliant with the published HMIS Data Standards and requirements for DV Comparable Databases. In addition, all but one of the local VSPs submitted Housing Inventory Count (HIC) and Point in Time (PIT) data to the PPCoC in the 2022 reports. In total, 69 transitional housing beds and 29 rapid re-housing beds were submitted as Dedicated DV Beds in the PPCoC's 2022 HIC. These beds are reported in the PPCoC's System Performance Measures for inclusion. Bed and households' numbers were submitted through aggregate level data and de-identified to avoid duplication of beds reported for the HIC and PIT.

2A-5.	Bed Coverage Rate—Using HIC, HMIS Data—CoC Merger Bonus Points.	
	NOFO Section VII.B.3.c. and VII.B.7.	

Enter 2022 HIC and HMIS data in the chart below by project type:

Project Type	Total Beds 2022 HIC	Total Beds in HIC Dedicated for DV	Total Beds in HMIS	HMIS Bed Coverage Rate
1. Emergency Shelter (ES) beds	947	0	947	100.00%
2. Safe Haven (SH) beds	0	0	0	
3. Transitional Housing (TH) beds	523	69	96	21.15%
4. Rapid Re-Housing (RRH) beds	235	29	206	100.00%
5. Permanent Supportive Housing	534	0	534	100.00%
6. Other Permanent Housing (OPH)	291	0	291	100.00%

2A-5a.	Partial Credit for Bed Coverage Rates at or Below 84.99 for Any Project Type in Question 2A-5.	
	NOFO Section VII.B.3.c.	
	For each project type with a bed coverage rate that is at or below 84.99 percent in question 2A-5, describe:	
1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and	
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.	

(limit 2,500 characters)

Three years ago an agency with a large number of Transitional Housing (TH) beds for families decided that they no longer wished to participate in HMIS and stopped accepting Federal funds so that they would not have to participate. Several CoC board members had discussions with this agency and were not able to convince them to return to HMIS. Of the 454 non-DV TH beds in our community, only 12 beds receiving HUD funding that have requirements to be in HMIS. Because all the other TH beds are privately funds, we have not be able to increase HMIS bed coverage and in fact have found more TH providers willing to submit numbers annually through the HIC/PIT, but who are not interested in tracking their programs in HMIS due to using other systems.

2A-6.	Longitudinal System Analysis (LSA) Submission in HDX 2.0.	
	NOFO Section VII.B.3.d.	
Did your CoC submit LSA data to HUD in HDX 2.0 by February 15, 2022, 8 p.m. EST?		Yes

## 2B. Continuum of Care (CoC) Point-in-Time (PIT) Count

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

<b>2B-1.</b>	<b>PIT Count Date.</b>	
	NOFO Section VII.B.4.b	

	Enter the date your CoC conducted its 2022 PIT count.	02/21/2022
--	---	------------

<b>2B-2.</b>	<b>PIT Count Data—HDX Submission Date.</b>	
	NOFO Section VII.B.4.b	

	Enter the date your CoC submitted its 2022 PIT count data in HDX.	04/25/2022
--	---	------------

<b>2B-3.</b>	<b>PIT Count—Effectively Counting Youth.</b>	
	NOFO Section VII.B.4.b.	

	Describe in the field below how during the planning process for the 2022 PIT count your CoC:
1.	engaged stakeholders that serve homeless youth;
2.	involved homeless youth in the actual count; and
3.	worked with stakeholders to select locations where homeless youth are most likely to be identified.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), works collaboratively with the Colorado Department of Local Affairs: Office of Homeless Youth Services (OHYS) and the community's runaway homeless youth service provider, The Place, in planning for the annual Point in Time Count. OHYS facilitates the monthly Advisory Council for Homeless Youth Services (ACHY), a statewide collaboration with leaders from state and local government, private nonprofit organizations, federal departments, youth with lived experience, and other key stakeholders in the communities to address local and state needs surrounding youth homelessness. During the ACHY meetings, the Collaborative Applicant for the PPCoC, Community Health Partnership, and The Place work with other homeless youth-specific providers across Colorado to engage homeless youth around strategies to address youth homelessness and accurately count youth in the annual Point in Time. As part of participation in ACHY, the PPCoC has conducted supplemental homeless youth surveying to provide additional context to Colorado State legislators on the needs of serving homeless youth counted during the annual Point in Time.

In 2022, The Place opened their permanent drop-in day shelter for youth who are experiencing homelessness. The Place is the only provider in the PPCoC who has one of every homeless housing assistance programming and all programming is dedicated to runaway and unaccompanied homeless youth. The Place's programming includes an emergency overnight shelter, day shelter, street outreach providers, permanent supportive housing, rapid re-housing, homeless prevention, and transitional housing. Staff and youth providing and receiving services from The Place are included in the PPCoC planning process for the Point in Time. The Place also has representation on the PPCoC Governing Board. During the Point in Time, The Place send out staff to targeted homeless encampments for homeless youth that have been identified by The Place and homeless youth themselves. The Place further collected surveys at their drop-in day shelter. And Street Outreach providers were included in reviewing surveying sites across the geographic location to identify areas for volunteers of the PPCoC to go to survey youth experiencing homelessness on the night of the PIT in 2022.

2B-4.	PIT Count—Methodology Change—CoC Merger Bonus Points.	
	NOFO Section VII.B.5.a and VII.B.7.c.	
	In the field below:	
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable;	
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable; and	
3.	describe how the changes affected your CoC's PIT count results; or	
4.	state "Not Applicable" if there were no changes or if you did not conduct an unsheltered PIT count in 2022.	

(limit 2,500 characters)

The Colorado Springs/EI Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), reported one significant change in methodology from 2021 to 2022 for both the sheltered and unsheltered Point in Time count, which was requesting to move the 2022 Point in Time from the last 10-days of January to the last 10-days of February 2022. Per the email notification to HICPITCount@hud.gov from the Collaborative Applicant sent on January 12, 2022, which was approved by HUD:

"[The PPCoC is] proposing moving the date from the night of Sunday, January 23rd into Monday, January 24th to Monday, February 21st into Tuesday, February 22nd, 2022.

The reason for changing the date comes from the PPCoC Governing Board who made the formal recommendations yesterday (1/11/22) after reviewing the below email from the HUD SNAPS-Office. The supporting reasoning is based on surging COVID-19 cases among our community's homeless population that has resulted in having overflow beds at the City of Colorado Springs funded Homeless Isolation Shelter. We have seen our homeless youth and lead Runaway Homeless Youth provider close their emergency shelter due to a COVID-19 outbreak and relocating to a non-congregate motel in the interim. We are also tremendously understaffed with our homeless service providers as a result of surging COVID-19 cases for street outreach, emergency shelter, and housing supportive services staff, which has dramatically decreased the number of volunteers who have signed up for PIT survey training. We have a third of the volunteers who have signed up that we normally have for the PIT and are having volunteers drop off daily as a result of surging COVID-19 cases.

The last piece of supporting documentation comes from recommendations from El Paso County Public Health who track positivity rates and incidence rates of COVID-19 in the geographic location. I have attached a screenshot of the El Paso County Public Health COVID-19 dashboard from today (1/12/22) indicating that the incidence rate over 7-day per 100,000 has gone up from 215 to 1,614, a 750% increase in the last 30-days. And the testing positivity rate for COVID-19 has gone up from 7.5% to 32.7% in the last 30-days."

In addition, the PPCoC received a waiver from HUD to not conduct the unsheltered PIT count in 2021 and the PPCoC did conduct an unsheltered count in 2022. The PPCoC did not see a significant impact in the results of the 2022 PIT based on the aforementioned changes.

## 2C. System Performance

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

<b>2C-1.</b>	<b>Reduction in the Number of First Time Homeless--Risk Factors Your CoC Uses.</b>	
	NOFO Section VII.B.5.b.	
	In the field below:	
	1. describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
	2. describe your CoC's strategies to address individuals and families at risk of becoming homeless; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on holding the PPCoC accountable through Strategic Goals tied to the PPCoC's annual System Performance Measures. In the Strategic Plan, the PPCoC highlights three Strategic Goals with the first goal being "[m]ake homelessness rare by reducing the inflows of people who experience homelessness into the region."

For a reduction in the number of first-time homelessness, the PPCoC identified two measurable objectives to review in the PPCoC's System Performance Measures:

- 1.Objective 1.3: Achieve a 15% reduction in First Time homelessness.
- 2.Objective 1.4: Reduce first time homelessness for black, indigenous, and people of color (BIPOC) by 25%.

To accomplish these Objectives, the PPCoC highlighted several strategic activities and risk factors to identify people becoming homeless for the first time and how to address those households at risk of becoming homelessness. An example of a strategic activity, Community Health Partnership (CHP), the Collaborative Applicant, contracted with the National Alliance to End Homelessness to create a community training on homeless Diversion strategies, which will be the first homeless Diversion program in the geographic region. This community training was held in November 2021 and was attended by 40 housing and healthcare case managers focused on problem solving skills and diverting homeless households into safe, stable housing solutions rather than into emergency service systems. CHP then created a community flexible fund (Flex Fund) awarded from Kaiser Permanente to identify households at risk of experiencing homelessness outside of the homeless response system intended for partners like school districts, county DHS employees, landlords, and healthcare employees. The Flex Fund has written policies to support diverting at risk of homeless and imminently homeless households into safe and stable housing options with social and family supports and by paying down past debt owed to help divert households from experiencing first time homelessness. The Flex Fund has increased CoC Membership to new partners including BIPOC led organizations.

The Senior Manager of Homeless Initiatives at CHP is responsible for the CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time or to end homelessness for individuals and families.

2C-2.	Length of Time Homeless—CoC's Strategy to Reduce.	
	NOFO Section VII.B.5.c.	
	In the field below:	
1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;	
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.	

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on holding the PPCoC accountable through Strategic Goals tied to the PPCoC's annual System Performance Measures. In the Strategic Plan, the PPCoC highlights three Strategic Goals with the second goal being "[m]ake homelessness brief by reducing the duration of time people spend in temporary shelter or unsheltered."

For a reduction in the length of time households remain homeless, the PPCoC identified two measurable objectives to review in the PPCoC's System Performance Measures:

1.Objective 2.1: Reduce length of time persons are active in ES programs to fewer than 60-days.

2.Objective 2.2: Reduce length of time prior to housing move-in to fewer than 120 median days.

To accomplish these Objectives, the PPCoC highlighted several strategic activities to reduce the length of time people remain homeless.

An example of a strategic activity, in FY2021, Community Health Partnership (CHP), the PPCoC Collaborative Applicant and Coordinated Entry (CE) lead provider, expanded their CE Renewal Project to include a full-time Housing Navigator position on staff. the Housing Navigator is connecting with landlords and property managers directly to engage landlords on accepting participants with housing supports. In the past 12 months, the CHP Housing Navigator created a Housing Navigation Network focused on recruiting and educating affordable housing developers and property managers in building affordable housing units that support the community need. In addition, the Housing Navigator calls landlords daily to create a daily list of housing vacancies in the community and sends the list to housing and homeless providers. This additional housing navigation support has helped reduce length of time homeless households spend looking for available housing.

Another strategic activity is the PPCoC Strategy around supporting exits from emergency shelter by collaborating with CE and emergency shelters more effectively. The PPCoC has created a CoC Standards of Care, which highlights the success of a Housing First model. The PPCoC has provided education to emergency shelter providers on Housing First strategies and streamlined further connection to the PPCoC's CE.

The Senior Manager of Homeless Initiatives at CHP is responsible for the CoC's strategy to reduce the length of time individuals and families remain homeless.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing—CoC's Strategy	
	NOFO Section VII.B.5.d.	

	In the field below:	
	1. describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;	
	2. describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.	

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on holding the PPCoC accountable through Strategic Goals tied to the PPCoC's annual System Performance Measures. In the Strategic Plan, the PPCoC highlights three Strategic Goals with the the third goal being "[m]ake homelessness nonrecurring and one-time by improving system outcomes to permanent housing solutions."

For an increase in permanent housing placements and increase in retaining permanent housing or exits to permanent housing, the PPCoC identified two measurable objectives to review in the PPCoC's System Performance Measures:

1.Objective 3.4: Increase successful exit placements into permanent housing to 20% of all exits.

2.Objective 3.5: Achieve retention of permanent housing at 90% or greater.

To accomplish these Objectives, the PPCoC highlighted several strategic activities increase and retention permanent housing.

An example of a strategic activity is the roll out of the Emergency Housing Vouchers (EHV) in the community. The PPCoC worked with the local Colorado Springs Housing Authority to sign off on a MOU that includes the CoC, PHA, and two homeless service providers in the community, Springs Rescue Mission (SRM) and Homeward Pikes Peak to oversee the Housing Assistance fees to support housing navigation, security deposit payments, and document readiness for households. SRM is the largest individual adult emergency shelter provider and HPP is the largest street outreach and permanent supportive housing provider in the region. HPP is also the second largest transitional housing provider focused on TH for single and pregnant mothers and individuals with substance use conditions. Both have worked collaboratively to increase permanent housing exits with the PPCoC for households from shelter and transitional housing programs.

Another strategic activity is developing a housing move-on strategy to increase permanent housing openings by maximizing self-sufficiency in housing and increase permanent housing exits. The PPCoC is evaluating CoC-project performance through PPCoC Monitoring and Ranking and Prioritization to reward high performing projects and reallocate low performing projects.

The Senior Manager of Homeless Initiatives at Community Health Partnership, the CoC Collaborative Applicant, is responsible for the CoC's strategy to increase and retain permanent housing.

2C-4.	Returns to Homelessness—CoC's Strategy to Reduce Rate.	
	NOFO Section VII.B.5.e.	

In the field below:

1.	describe your CoC's strategy to identify individuals and families who return to homelessness;
2.	describe your CoC's strategy to reduce the rate of additional returns to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

**(limit 2,500 characters)**

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on holding the PPCoC accountable through Strategic Goals tied to the PPCoC's annual System Performance Measures. In the Strategic Plan, the PPCoC highlights three Strategic Goals with the third goal being "[m]ake homelessness nonrecurring and one-time by improving system outcomes to permanent housing solutions."

For decreasing returns to homelessness, the PPCoC identified two measurable objectives to review in the PPCoC's System Performance Measures:

1.Objective 3.1: Decrease homeless returns to fewer than 20% within six-months of stays from emergency shelter.

2.Objective 3.5: Achieve retention of permanent housing at 90% or greater.

To accomplish these Objectives, the PPCoC highlighted several strategic activities to reduce returns to homelessness.

The PPCoC uses performance data from the HMIS to analyze program success rates in individuals and persons in families retaining permanent housing. This allows the PPCoC to identify common factors at a program specific level for persons who return to homelessness from permanent housing. All funded projects are evaluated on their effectiveness of adequately supporting housing residents and preventing returns to homelessness. Projects applying for funding administered through the PPCoC receive fewer points on their NOFO application and may have their funds reallocated based on their housing retention performance. Performances are reviewed by the CoC Ranking and Prioritization Committee during the CoC NOFO funding competition.

In the past three years, the PPCoC has begun conducting monthly reviews of homeless data through the Built for Zero (BFZ) initiative. The BFZ data tracks vulnerable subpopulations monthly to measure homeless inflows and outflows.

The PPCoC has begun by focusing on veteran and youth homelessness. The BFZ work allows the PPCoC and other community funders such as municipalities leaders, to review returns to homelessness from permanent housing on a more frequent basis to inform funding strategies and planning.

The Senior Manager of Homeless Initiatives at Community Health Partnership, the CoC Collaborative Applicant, is responsible for the CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section VII.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access employment cash sources;
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.

(limit 2,500 characters)

The Colorado Springs/El Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on holding the PPCoC accountable through Strategic Goals tied to the PPCoC's annual System Performance Measures. In the Strategic Plan, the PPCoC highlights three Strategic Goals with the third goal being "[m]ake homelessness nonrecurring and one-time by improving system outcomes to permanent housing solutions."

For decreasing returns to homelessness, the PPCoC identified one measurable objective to review in the PPCoC's System Performance Measures:

1. Objective 3.2: Increase cash earned benefits for system leavers to more than 20% for leavers.

To accomplish this objective, the PPCoC highlighted several strategic activities to increase employment cash income for households experiencing homelessness.

The PPCoC works directly with housing programs and emergency shelters on strategies for increasing employment cash income among program participants. The four largest emergency shelter providers in the PPCoC, who support individual adults, families, and youth who are experiencing homelessness, all have dedicated case managers focused on helping shelter residents gain and increase employment. Shelter case managers work directly with shelter residents on short- and long-term goal setting and contract with employers on helping shelter residents obtain employment while staying in shelter by bringing employment recruiters on site to meet with shelter residents.

The PPCoC shares notices of job fairs, job training, and current employment opportunities through the PPCoC Membership that goes to approximately 400 plus people, including people with living and lived homeless experience and homeless providers. Catholic Charities of Central Colorado (CCCC) is one of the largest homeless employment providers focused on all homeless and low-income households to increase employment income. CCCC programs provide individualized assistance with personal and professional development in areas from job search to basic computer skills. Educational opportunities, such as financial literacy, resume writing classes, computer skills classes, on-site job fairs and interview opportunities as well as life skill mentoring, and coaching are available.

The Senior Manager of Homeless Initiatives at Community Health Partnership, the CoC Collaborative Applicant, is responsible for the CoC's strategy to increase employment cash income.

2C-5a.	Increasing Non-employment Cash Income—CoC's Strategy	
	NOFO Section VII.B.5.f.	
	In the field below:	
1.	describe your CoC's strategy to access non-employment cash income; and	
2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.	

(limit 2,500 characters)

The Colorado Springs/EI Paso County CoC, known locally as the Pikes Peak Continuum of Care (PPCoC), published a 3-Year Strategic Plan in October 2021 focused on holding the PPCoC accountable through Strategic Goals tied to the PPCoC's annual System Performance Measures. In the Strategic Plan, the PPCoC highlights three Strategic Goals with the third goal being "[m]ake homelessness nonrecurring and one-time by improving system outcomes to permanent housing solutions."

For decreasing returns to homelessness, the PPCoC identified one measurable objective to review in the PPCoC's System Performance Measures:

1. Objective 3.3: Increase non-cash benefits for system leavers to more than 40% for leavers.

To accomplish this objective, the PPCoC highlighted several strategic activities to increase employment cash income for households experiencing homelessness.

An example of strategic activities, the PPCoC providers assist program participants in applying for benefits through the online Colorado Peak program and platform. SNAP, WIC, TANF, Health First Colorado Medicaid, OAP, LEAP, Early Childhood Intervention, and SSI benefits can all be accessed through this website. The Colorado Peak website is available online to any individual or service provider that has virtual access. In additional service providers, including the largest regional soup kitchen and day shelter have EI Paso County Department of Human Services (EPC DHS) representatives onsite at least one day per week to assist homeless and at risk of homeless persons with applying for mainstream benefits and non-employment cash income.

The PPCoC works collaboratively and has conducted training with EPC DHS Family and Youth services to orient case managers towards CoC- and ESG-funded projects and homeless services. Similarly, EPC DHS staff have agreed to conduct benefits trainings directly with homeless service provider agencies and through PPCoC monthly education and membership meetings. Trainings include ways to become SOAR-certified and the availability of public cash and non-cash benefits. These connections, through Care Coordination, has streamlined referrals for public cash and non-cash benefits and helped drive programmatic success for connecting households experiencing homelessness to public benefits.

The Senior Manager of Homeless Initiatives at Community Health Partnership, the CoC Collaborative Applicant, is responsible for the CoC's strategy to increase non-employment case income.

## 3A. Coordination with Housing and Healthcare

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

3A-1.	New PH-PSH/PH-RRH Project–Leveraging Housing Resources.	
	NOFO Section VII.B.6.a.	
	You must upload the Housing Leveraging Commitment attachment to the 4B. Attachments Screen.	

	Is your CoC applying for a new PH-PSH or PH-RRH project that uses housing subsidies or subsidized housing units which are not funded through the CoC or ESG Programs to help individuals and families experiencing homelessness?	Yes
--	--	-----

3A-2.	New PH-PSH/PH-RRH Project–Leveraging Healthcare Resources.	
	NOFO Section VII.B.6.b.	
	You must upload the Healthcare Formal Agreements attachment to the 4B. Attachments Screen.	

	Is your CoC applying for a new PH-PSH or PH-RRH project that uses healthcare resources to help individuals and families experiencing homelessness?	No
--	--	----

3A-3.	Leveraging Housing/Healthcare Resources–List of Projects.	
	NOFO Sections VII.B.6.a. and VII.B.6.b.	

If you selected yes to questions 3A-1. or 3A-2., use the list feature icon to enter information about each project application you intend for HUD to evaluate to determine if they meet the criteria.

Project Name	Project Type	Rank Number	Leverage Type
This list contains no items			

## 3B. New Projects With Rehabilitation/New Construction Costs

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

3B-1.	Rehabilitation/New Construction Costs–New Projects.	
	NOFO Section VII.B.1.s.	

Is your CoC requesting funding for any new project application requesting \$200,000 or more in funding for housing rehabilitation or new construction?	No
--	----

3B-2.	Rehabilitation/New Construction Costs–New Projects.	
	NOFO Section VII.B.1.s.	

If you answered yes to question 3B-1, describe in the field below actions CoC Program-funded project applicants will take to comply with:

1.	Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u); and
2.	HUD's implementing rules at 24 CFR part 75 to provide employment and training opportunities for low- and very-low-income persons, as well as contracting and other economic opportunities for businesses that provide economic opportunities to low- and very-low-income persons.

(limit 2,500 characters)

## 3C. Serving Persons Experiencing Homelessness as Defined by Other Federal Statutes

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

3C-1.	Designating SSO/TH/Joint TH and PH-RRH Component Projects to Serving Persons Experiencing Homelessness as Defined by Other Federal Statutes.	
	NOFO Section VII.C.	

	Is your CoC requesting to designate one or more of its SSO, TH, or Joint TH and PH-RRH component projects to serve families with children or youth experiencing homelessness as defined by other Federal statutes?	No
--	--	----

3C-2.	Serving Persons Experiencing Homelessness as Defined by Other Federal Statutes.	
	NOFO Section VII.C.	

You must upload the Project List for Other Federal Statutes attachment to the 4B. Attachments Screen.

If you answered yes to question 3C-1, describe in the field below:

1.	how serving this population is of equal or greater priority, which means that it is equally or more cost effective in meeting the overall goals and objectives of the plan submitted under Section 427(b)(1)(B) of the Act, especially with respect to children and unaccompanied youth than serving the homeless as defined in paragraphs (1), (2), and (4) of the definition of homeless in 24 CFR 578.3; and
2.	how your CoC will meet requirements described in Section 427(b)(1)(F) of the Act.

(limit 2,500 characters)

## 4A. DV Bonus Project Applicants

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

4A-1.	New DV Bonus Project Applications.	
	NOFO Section II.B.11.e.	

	Did your CoC submit one or more new project applications for DV Bonus Funding?	No
Applicant Name		
This list contains no items		

## 4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.		
2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.		
3.	We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.		
4.	Attachments must match the questions they are associated with.		
5.	Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process.		
6.	If you cannot read the attachment, it is likely we cannot read it either.		
	. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).		
	. We must be able to read everything you want us to consider in any attachment.		
7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.

**COLORADO**

**Department of Local Affairs**

Division of Housing

# **HOUSING CHOICE VOUCHER (HCV) AND RENTAL ASSISTANCE PROGRAMS (RAP) ADMINISTRATIVE PLAN**

**COLORADO DEPARTMENT OF LOCAL AFFAIRS  
DIVISION OF HOUSING  
DIRECTOR – ALISON GEORGE**

**EFFECTIVE – MAY 1, 2022**

Targeted Funding Programs	Number of Set Aside Vouchers
Project-Based Assistance Program	Up to 20% of ACC + additional 10% to assist certain household types
VASH	1,201
Non Elderly Disabled	1,450
Family Unification Program	277
FSS	98

### Regular HCV Funding

Regular HCV funding may be used to assist any eligible family on the waiting list. Families are selected from the waiting list according to the policies provided in Section 4-III.C.

### 4-III.C. SELECTION METHOD

PHAs must describe the method for selecting applicant families from the waiting list, including the system of admission preferences that DOH will use [24 CFR 982.202(d)].

#### Local Preferences [24 CFR 982.207; HCV p. 4-16]

PHAs are permitted to establish local preferences, and to give priority to serving families that meet those criteria. HUD specifically authorizes and places restrictions on certain types of local preferences. HUD also permits DOH to establish other local preferences, at its discretion. Any local preferences established must be consistent with DOH plan and the consolidated plan, and must be based on local housing needs and priorities that can be documented by generally accepted data sources.

### Waiting List - Order of Selection

DOH has established local preferences, and gives priority to serving families that meet these criteria. Families will be given one preference point for each of the categories below for which they qualify and can verify.

- **1<sup>st</sup> Preference:**
  - **Households that include someone experiencing homelessness-**  
DOH will use the definition for literally homeless.
    - Sleeping in a place not designed for or used as a regular sleeping accommodation, including a car, park, abandoned building, bus or train station, airport, camping ground, etc.
    - Living in a shelter designed to provide temporary living arrangements (including emergency shelter, congregate shelters, transitional housing, hotels and motels paid for by charitable organizations or by government programs)
    - Exiting an institution where they:
      - resided for ≤ 90 days AND

## 2022 PPCoC NOFO Application Timeline (last updated on 8/15/2022)

This timeline is subject to change. Please check for updates on CHP's NOFO webpage:

<https://www.ppchp.org/homelessness/hud-coc-nofo/>

August 1, 2022	HUD releases CoC Notice of Funding Opportunity (NOFO)
August 2, 2022	Notify CoC renewal projects of NOFO. Request for intent to Renew Projects
August 4, 2022	Notify community of NOFO through CHAP
August 9, 2022	Notify community of Local Competition Deadlines through CHAP
August 18, 2022	<i>Optional</i> – CoC applicant Technical Assistance Office Hours
August 19, 2022	<i>Optional</i> – CoC applicant Technical Assistance Office Hours
August 31, 2022	<b>DUE DATE</b> – Local Project Competition due date
September 8, 2022	CoC R&P Committee hold final ranking meeting to generate CoC Priority Listing with all project applications accepted and ranked, or rejected
September 9, 2022	<b>DUE DATE</b> – New and Renewal Project applications due in e-SNAPS
September 13, 2022	CoC Board votes on final CoC priority list
September 15, 2022	Applicants will be notified in writing whether their applications will be accepted and ranked on the CoC Priority Listing, rejected, or reduced. Final Ranking and Prioritization will be posted on CHP NOFO webpage
September 27, 2022	CHP will post all parts of the CoC Consolidated Application (which are the CoC Application, CoC Priority Listing, and Project Applications) on CHP NOFO webpage for public comment
September 30, 2022	<b>DUE DATE</b> – 2020 PPCoC NOFO Collaborative Application due to HUD

## Local Agency Specific Questions

Instructions: Please complete this application for your organization. In addition to this application, please also submit the following. **Please submit all documents to: [ppcoc@ppchp.org](mailto:ppcoc@ppchp.org).**

- Responses to Local Agency Specific Questions – listed below
- eLOCCS drawdown screenshot for each current project
- An attachment of a copy of your response(s) for each Project Application to Question 3B ("Provide a description that addresses the entire scope of the proposed project") in the e-SNAPS Application.

As a reminder, e-SNAPS Renewal or New Project Application(s) are due on **September 9, 2022, at 11:59 PM MST**. Local Agency Specific Questions, eLOCCS screenshot(s) , & 3B response(s) are due on **August 31, 2022, at 11:59 PM MST**

## Local FY2022 Notice of Funding Opportunity Questions

Local questions assist the Pikes Peak Continuum of Care (PPCoC) to rank and prioritize New and Renewal CoC Projects. Answers to these questions will be used by the PPCoC Ranking and Prioritization Committee for the purpose of creating the PPCoC Project Priority Listing in the FY2022 CoC Program Competition.

Last year, the PPCoC developed a three-year strategic plan to improve System Performance Measures outcomes, which should be utilized in your responses. System Performance Measures are used by HUD to evaluate CoC performance in the community's homeless response system. The Strategic Plan can be accessed on the [About PPCoC webpage here](#).

Please respond to how your agency and CoC Project(s) are addressing, or will address, the following Strategic Goals outlined in the PPCoC Strategic Plan. Please provide an example for each goal:

**Goal 1:** Make homelessness **rare** by reducing the inflows of people who experience homelessness into the region. (2,000 characters):

**Goal 2:** Make homelessness **brief** by reducing the duration of time people spend in temporary shelter or unsheltered. (2,000 characters):

**Goal 3:** Make homelessness **nonrecurring** and one-time by improving system outcomes to permanent housing solutions. (2,000 characters):

This project provides permanent supportive housing in a non-time-limited structure for chronically homeless individuals in El Paso County. The project seeks to provide housing and supportive services to a minimum of 62 adults and youth (18-24 years) that are referred by the Pikes Peak Continuum of Care Coordinated Entry program. All referrals come through the COC utilizing the VISPDAT to enable the community to identify the most vulnerable households that would benefit from the combination of supportive services and housing.

This project is unique in that it began from the CO Division of Housing and partnered with both Homeward Pikes peak and The Place to work with clients at a local level. In 2022, Homeward Pikes peak proposed to locally manage the project and provide supportive services to the adults and continue to partner with The Place to serve youth between 18- 24 years. This leverages each organization's strengths to serve a population of clients with whom they have expertise. HPP will manage the rental payments (security deposits, application fees, monthly lease payments) for the project. Coordination of services is governed by a contract between the two entities.

Both organizations have case management staff and community relationships to serve the clients enrolled in the program to meet our client's diverse needs. Homeward Pikes Peak and The Place have collaborated for years and have synergies with both also having street outreach programs, access to substance abuse counselors, and mental health counselors to meet the needs of their clients first and foremost. When needed, we partner with PACE, Programs for All-inclusive Care for the Elderly, Peak Vista for medical care and behavioral health, and the Diversus Health ACT team to provide additional services for clients. We have many partnerships in the community to support the clients and actively work on "landlord engagement" to ensure clients stay housed in our community. Programs also work with Goodwill Rehire and the office of Vocational Rehab to assist clients to re-enter the workforce.

Finally, both organizations have a diverse staff that reflects the clients we serve. Both organizations have policies in place that are open and affirming of all people no matter sexual orientation, race, ethnicity, or Veteran status. Both programs have a low barrier to entry and are knowledgeable of the principles of "housing first" and implement the model with fidelity and a trauma-informed lens.

Both HPP and The Place actively raise additional funds to leverage the HUD funds and maximize services for the community.

Homeward Pikes Peak operates a Housing First model specifically for chronically homeless adults and families with a dual diagnosis that includes a disability, substance abuse issues, and mental illness. We specialize in working with people with disabilities whether they are from health, mental health, or substance abuse. HPP emphasizes voluntary case management for clients so that they increase housing stability, and access to healthcare, increase personal income through public benefits or paid work, and reduce recidivism in jails, hospitals, or other institutions.

Our project plan is to follow the Housing First principles to rapidly house individuals and families and then offer supportive services. We meet clients where they are and help them to begin to make changes to improve the quality of their life. We accept clients with substance use disorders, with no income or insurance, with criminal histories and evictions, and with domestic violence issues. We do not separate family members. In this project, 2 vouchers are identified for Veterans and 2 vouchers are set aside for families.

We receive referrals from the Pikes Peak Continuum of Care Coordinated Entry. HPP works closely with the HPP Street Outreach team, Colorado Springs Police Homeless Outreach Team, and community partners. The referrals we get are for those who are often the neediest and have no other options.

HPP has strong collaborations to meet our client's diverse needs. We have SOAR trained and assisted clients with applications for public benefits. We do any and everything we can to keep people in housing and to avoid evictions. Our individual service plans are client-centered. Clients can choose what level of services and what provider they want. When needed, we partner with PACE, Programs for All-inclusive Care for the Elderly, and the Diversus Health ACT team to provide additional services for clients. We have many partnerships in the community to support the clients and actively work on "landlord engagement" to ensure clients stay housed in our community. HPP also works with Goodwill Rehire and the office of Vocational Rehab to assist clients to re-enter the workforce.

69% of clients pay up to thirty percent of their income toward rent which allows us to leverage our HUD funds used for this grant. Over the last 5 years, 74% of clients exited to stable housing, 60% increased earned income which is challenging with this population, and 100% accessed healthcare services during the last year.

HPP actively fundraises and manages our budget very tightly, but we cannot house this number of people without CoC support. Finally, our Board and our staff consist of those who are in recovery and have been homeless.

Homeward Pikes Peak operates a Housing First model specifically for chronically homeless Veterans and families any disabling condition. HPP received this grant as a transfer from Rocky Mountain Human Services in 2015 and has maintained it since that time. HPP is uniquely qualified to provide this support due to our experience providing support to a similar project that serves dual diagnosis adults in a separate HUD contract. HPP emphasizes voluntary case management for clients so that they increase housing stability, and access to healthcare, increase personal income through public benefits or paid work, and reduce recidivism in jails, hospitals, or other institutions.

Our project plan is to follow the Housing First principles to rapidly house individuals and families and then offer supportive services. We meet clients where they are and help them to begin to make changes to improve the quality of their life. We accept referrals with any military service without regard to discharge status. Many of the clients enter with substance use disorders, with no income, with criminal histories and evictions.

We receive referrals from the Pikes Peak Continuum of Care Coordinated Entry and the COC Veterans Case Conferencing and Coordinated Entry. HPP works closely with the Rocky Mountain Human services Outreach and Supportive Services team, the VA, HPP Street Outreach team, Colorado Springs Police Homeless Outreach Team, and community partners. Several staff from our outreach team and our case management team have lived experience, are Veterans, and are in recovery themselves which allows for greater rapport building and assists with client engagement.

HPP has strong collaborations to meet our client's diverse needs. We have SOAR trained and assisted clients with applications for public benefits. We do any and everything we can to keep people in housing and to avoid evictions. Our individual service plans are client centered. Clients can choose what level of services and what provider they want. The Veterans Housing First Case Manager works with clients to apply VA Benefits if eligible and assists clients to access care from the VA. When needed, we partner with PACE, Programs for All-inclusive Care for the Elderly, and the Diversus Health ACT team to provide additional services for clients. We have many partnerships in the community to support the clients and actively work on "landlord engagement" to ensure clients stay housed in our community. HPP also works with Goodwill Rehire and the office of Vocational Rehab to assist clients to re-enter the workforce.

78% of clients in this project pay up to thirty percent of their income toward rent which allows us to leverage our HUD funds used for this grant. Over the last 5 years, 74% of clients exited to stable housing, 60% increased earned income which is challenging with this population, and 100% accessed healthcare services during the last year.

HPP actively fundraises and manages our budget very tightly, but we cannot house this number of people without CoC support. HPP utilizes college and master's degree students as interns and community volunteers to support the clients in our programs.

Hi Evan,

Thank you so very much for providing this flexibility HPP during the transition of grant ownership and responsibility.

Yes, according to our accounting department, those remaining balances will reduce once we process our final draws in eLOCCs.

Please let me know if I can be of any further assistance.

Respectfully,

On Wed, Aug 31, 2022 at 11:09 AM Evan Caster <[evan.caster@ppchp.org](mailto:evan.caster@ppchp.org)> wrote:

Hi Jahlia,

Thanks for looking into this and I can let the R&P Committee leads know so this will not be held against HPP. The simplest version of this, which the R&P Committee would look at, is just the overall snapshot from the SNAP's view of eLOCCS. I attached a screenshot I have from CHP's grants for reference that would fit the requirements. Even without the full draw down information, having something acknowledging that a CoC project up for renewal does exist in eLOCCS would fit the expectation for the local application.

If you are unable to get, no worries, I can give context to Jennifer and Maggie who will be working with the R&P Committee.

Thanks,

**Evan Caster**

Hiya,

Sorry for the delay. After checking with our accounting department, they have not yet processed the final draw in eLOCCS for this grant, so I do not have that information for you at this time. The end of year reporting for this grant is due in Sage on September 30, 2022. Sorry that I do not have more information for you at this time.

**Subject:** PPCoC FY2022 Competition - Local Application (HPP)

**Importance:** High

Good afternoon Beth,

CHP, as the Collaborative Applicant for the Pikes Peak Continuum of Care (PPCoC) CO-504, is reaching out to all eligible CoC Renewal Project Applicants to announce the local Competition for the Notice of Funding Opportunity (NOFO) for Fiscal Year 2022 Continuum of Care Competition. For this competition cycle, all CoC Renewal Applicants will be required to complete the local application questions and requirements and submit a project renewal application for each project applying for renewal funding in e-SNAPS.

First, each CoC Renewal Recipient will be required to complete and collect the Local Competition application and required documents and submit all documents to the [ppcoc@ppchp.org](mailto:ppcoc@ppchp.org) email address by **Wednesday, August 31, 2022 at 11:59pm MST**. The Local Competition application and required documents are:

- One (1) *Local Specific Agency Questions – CO504* application, which is attached.
  - The questions align with the PPCoC Strategic Plan, which can be accessed for reference in your responses here: [PPCoC 3-year Strategic Plan](#)
  - HUD has also made clear their [Homeless Policy Priorities on page 9-11 of the NOFO](#), which can be referenced in your responses.
- **One (1) drawdown screenshot of your renewal project(s) in eLOCCS including each current project.**
- One (1) copy of your response to question 3B. *Project Description* in e-SNAPS for each Renewal Project you are applying for renewal funding.
  - The sub-header for this question in e-SNAPS is, “Provide a description that addresses the entire scope of the proposed project.”
  - You may take a screenshot of the question in e-SNAPS or copy and paste your response from e-SNAPS directly into an email or Word document and attach in your submission email.

Second, e-SNAPS applications for Renewal Project Applications will be due on **Friday, September 9, 2022 at 11:59pm MST**. As was previously announced on August 2, 2022, Renewal Project applicants will have the option to import their FY2021 renewal project application and submit without changes. CHP advises checking responses for accuracy if you do choose to Submit without Changes to align with the [HUD homeless policy priorities outlined in the NOFO on pages 9-11](#). New Projects from FY2021 will need to complete the full Renewal Project Application in e-SNAPS.

CHP will be updating our [NOFO webpage](#) frequently with resources and updated scoring processes and rubrics along with the local competition application requirements. We will also be hosting two optional office hour sessions next week for any New or Renewal Project applicants where we will be available to answer any technical assistance questions:

- Thursday, August 18<sup>th</sup> from 4:00pm – 5:00pm - [Click here to join the meeting](#)
- Friday, August 19<sup>th</sup> from 11:00am – 12:00pm - [Click here to join the meeting](#)

Please reach out with any questions or concerns. Thank you for your time and partnership,

**Evan Caster**

September 13, 2022

Amber Ptak  
Community Health Partnership  
121 S. Tejon Street, Suite 121  
Colorado Springs, CO 80903

Dear Ms. Ptak:

On behalf of the Pikes Peak Continuum of Care and the Ranking and Prioritization Committee, I'd like to thank Community Health Partnership for submitting 2 renewal projects for consideration for the 2022 Continuum of Care NOFO Competition. Upon further review of your application, The Ranking and Prioritization Committee is recommending that HUD funds your project in Tier 1 funding at the requested amount with the additional amount of \$\$8,019 for each project.

Project Name	Requested Amount	CoC Suggested Amount	Funding Type
<b>Dedicated HMIS</b>	\$ 295,524.00	\$ 303,542.00	Tier 1 Funding
<b>Coordinated Entry</b>	\$120,581.00	\$ 128,600.00	Tier 1 Funding

Per HUD Regulations, you may appeal the committee's decision if you disagree with it. The process for an appeal can be found in 24 CFR 578.35 (b). The committee would like to encourage Community Health Partnership to participate in our spring technical assistance/best practices meeting. An announcement of the date, time, and location will be sent out at a later time.

We do thank you for the effort you took to apply for funding. Should you have any questions, please don't hesitate to reach out to me.

Sincerely,

Evan Caster  
Senior Manager of Homeless Initiatives  
evan.caster@ppchp.org

**To:** Maggie Nagle  
**Cc:** Jennifer Mariano; Maggie Nagle  
**Subject:** Homeward Pikes Peak - CoC Renewal Project Decision and Next Steps  
**Attachments:** CO-504 (PPCoC) Priority Listing, FY2022.pdf

Good afternoon Beth,

The PPCoC Ranking and Prioritization met on Thursday, September 8<sup>th</sup> to make determinations on all Renewal CoC Projects. Please see the attached Priority Listing, which was voted on and approved by the PPCoC Governing Board today.

Congratulations, all three of Homeward Pikes Peak's Renewal CoC Projects were awarded additional Reallocation funds from an Eliminated CoC Renewal Project. Here are your award amounts recommended by the PPCoC Ranking and Prioritization Committee:

Applicant Name	Project Name	Grant Term	New / Renew	Project Type	Project Renewal Amount
Homeward Pikes Peak	HPP Consolidated PSH Colorado Springs	1 year	Renewal	PH	\$670,000
Homeward Pikes Peak	HPP Vet PSH 2021	1 year	Renewal	PH	\$241,000
Homeward Pikes Peak	PSH Dual Diagnosis FY 2021	1 year	Renewal	PH	\$569,000

### Next steps

In order to award the additional funds, CHP (as the Collaborative Applicant) has returned your Renewal Project(s) in e-SNAPS. Please go into e-SNAPS to add the additional amount to your budget so your budget can equal the Green highlighted "Total CoC Recommended Award Amount" and resubmit your e-SNAPS application.

**We need all CoC Projects to be resubmitted by or before 11:00am on Thursday, September 15<sup>th</sup>.**

Please reach out if you have any questions to the PPCoC email ([PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)) or Evan ([evan.caster@ppchp.org](mailto:evan.caster@ppchp.org))

Thank you,

---

**From:** PPCoC <[PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)>  
**Sent:** Monday, September 12, 2022 9:24 AM  
**To:** [broalstad@homewardpikespeak.org](mailto:broalstad@homewardpikespeak.org); [lej@KBFLC.ORG](mailto:lej@KBFLC.ORG); [shawna@theplacecos.org](mailto:shawna@theplacecos.org); Angela Hackett-Larson <[angela.hackettlarson@theplacecos.org](mailto:angela.hackettlarson@theplacecos.org)>; Evan Caster <[evan.caster@ppchp.org](mailto:evan.caster@ppchp.org)>  
**Cc:** Jennifer Mariano <[jennifer.mariano@ppchp.org](mailto:jennifer.mariano@ppchp.org)>; Maggie Nagle <[maggie.nagle@ppchp.org](mailto:maggie.nagle@ppchp.org)>  
**Subject:** e-SNAPS amended budget

Good morning CoC Renewal Applicants,

We will be sending off the CoC Priority Listing for the FY2022 CoC Notice of Funding Opportunity (NOFO) Competition awards to the Pikes Peak Continuum of Care Governing Board this morning for their review and final vote. The vote will be due tomorrow (9/13) at 5pm.

Based on the priorities identified by the CoC Ranking and Prioritization Committee, all of your Renewal projects were listed as eligible to receive additional reallocation funds. Because of the decision by the CoC Ranking and Prioritization Committee, CHP will be going into e-SNAPS after the CoC Board votes and likely amending some or all of your CoC Renewal project budgets to add additional funds.

This will require that CHP add the additional funds in e-SNAPS to your project(s) and return your Renewal Project(s) to you for updating your Project Budget in e-SNAPS. We will send out additional information at that time, but this will be a very short-turn around and wanted to give the agencies a heads up of this likely possibility.

**Key takeaways:**

- You may receive a notification email Tuesday (9/13)/tomorrow, late afternoon notifying you that your project has been awarded additional funds
- You will have until **11am on Thursday (9/15)**, to go into e-SNAPS and resubmit your project with the amended budget
- Deadline for CHP to submit the CoC priority listing is **3pm on Thursday (9/15)**

Please reach out if you have any questions to the PPCoC email ([PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)) or Evan ([evan.caster@ppchp.org](mailto:evan.caster@ppchp.org))

Thank you,

September 13, 2022

Beth Hall Roalstad  
Homeward Pikes Peak  
2010 Bijou St. Colorado Springs, 80909

Dear Ms. Roalstad:

On behalf of the Pikes Peak Continuum of Care and the Ranking and Prioritization Committee, I'd like to thank Homeward Pikes Peak for submitting three renewal projects for consideration for the 2022 Continuum of Care NOFO Competition. Upon further review of your application, the Ranking and Prioritization Committee is recommending that HUD funds both of your projects in Tier 1 funding at the requested funding amounts with the additional amount of \$8,019 for the Vet PSH project, \$8,019 for the PSH Dual Diagnosis, and \$54,000 for the Consolidated PSH project.

<b>Project Name</b>	<b>Requested Amount</b>	<b>CoC Suggested Amount</b>	<b>Funding Type</b>
<b>Vet PSH</b>	\$ \$241,098.00	\$ 249,117.00	Tier 1 Funding
<b>PSH Dual Diagnosis</b>	\$ \$569,807.00	\$ 577,826.00	Tier 1 Funding
<b>Consolidated PSH</b>	\$ \$670,887.00	\$724,887.00	Tier 1 Funding

Per HUD Regulations, you may appeal the committee's decision if you disagree with it. The process for an appeal can be found in 24 CFR 578.35 (b).

The committee would like to encourage HPP to participate in our spring technical assistance/best practices meeting. An announcement of the date, time, and location will be sent out at a later time.

We do thank you for the effort you took to apply for funding. Should you have any questions, please don't hesitate to reach out to me.

Sincerely,

Evan Caster  
Senior Manager of Homeless Initiatives

Good afternoon Shawna,

The PPCoC Ranking and Prioritization met on Thursday, September 8<sup>th</sup> to make determinations on all CoC Projects Applicants for the FY2022 CoC NOFO Competition. Please see the attached letter with The Place's Funding Decision and the CoC Priority Listing, which was voted on and approved by the PPCoC Governing Board today.

Congratulations! All three of The Place's Renewal CoC Projects were placed in Tier 1 Funding and awarded additional Reallocation funds from an Eliminated CoC Renewal Project. Here are your award amounts recommended by the PPCoC Ranking and Prioritization Committee:

Applicant Name	Project Name	Grant Term	New / Renew	Project Type	Project Renewal Amount
The PLACE	The PLACE Renewal PSH	1 year	Renewal	PH	\$230,000
The PLACE	The PLACE Renewal RRH	1 year	Renewal	PH	\$29,000
The PLACE	The PLACE Renewal TH	1 year	Renewal	TH	\$50,000

### Next steps

In order to add the additional funds to your Renewal budget, CHP (as the Collaborative Applicant) has returned your Renewal Projects in e-SNAPS.

Please go into e-SNAPS to add the additional amounts (yellow highlighted) to your budgets so your Renewal Project budgets equal the "Total CoC Recommended Award Amount" column (green highlighted) and resubmit your e-SNAPS applications with the increased amount.

**We need all CoC Renewal Projects to be resubmitted by or before 11:00am on Thursday, September 15<sup>th</sup>.**

Please reach out if you have any questions to the PPCoC email ([PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)) or Evan ([evan.caster@ppchp.org](mailto:evan.caster@ppchp.org))

Thank you,

**From:** PPCoC <[PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)>

**Sent:** Monday, September 12, 2022 9:24 AM

**To:** [broalstad@homewardpikespeak.org](mailto:broalstad@homewardpikespeak.org); [lej@KBFLC.ORG](mailto:lej@KBFLC.ORG); [shawna@theplacecos.org](mailto:shawna@theplacecos.org); Angela Hackett-Larson <[angela.hackettlarson@theplacecos.org](mailto:angela.hackettlarson@theplacecos.org)>; Evan Caster <[evan.caster@ppchp.org](mailto:evan.caster@ppchp.org)>

**Subject:** e-SNAPS amended budget

Good morning CoC Renewal Applicants,

We will be sending off the CoC Priority Listing for the FY2022 CoC Notice of Funding Opportunity (NOFO) Competition awards to the Pikes Peak Continuum of Care Governing Board this morning for their review and final vote. The vote will be due tomorrow (9/13) at 5pm.

Based on the priorities identified by the CoC Ranking and Prioritization Committee, all of your Renewal projects were listed as eligible to receive additional reallocation funds. Because of the decision by the CoC Ranking and Prioritization Committee, CHP will be going into e-SNAPS after the CoC Board votes and likely amending some or all of your CoC Renewal project budgets to add additional funds.

This will require that CHP add the additional funds in e-SNAPS to your project(s) and return your Renewal Project(s) to you for updating your Project Budget in e-SNAPS. We will send out additional information at that time, but this will be a very short-turn around and wanted to give the agencies a heads up of this likely possibility.

**Key takeaways:**

- You may receive a notification email Tuesday (9/13)/tomorrow, late afternoon notifying you that your project has been awarded additional funds
- You will have until **11am on Thursday (9/15)**, to go into e-SNAPS and resubmit your project with the amended budget
- Deadline for CHP to submit the CoC priority listing is **3pm on Thursday (9/15)**

Please reach out if you have any questions to the PPCoC email ([PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)) or Evan ([evan.caster@ppchp.org](mailto:evan.caster@ppchp.org))

Thank you,

September 13, 2022

Shawna Kemppainen  
The Place  
423 East Cucharas St. Colorado Springs, 80903

Dear Mx Kemppainen:

On behalf of the Pikes Peak Continuum of Care and the Ranking and Prioritization Committee, I'd like to thank The Place for submitting 3 renewal projects for consideration for the 2022 Continuum of Care NOFO Competition. Upon further review of your application, the Ranking and Prioritization Committee is recommending that HUD funds all three of your projects in Tier 1 funding at the requested amounts, with the additional amount of \$8,019 per renewal project.

Project Name	Requested Amount	CoC Suggested Amount	Funding Type
RRH	\$ \$29,576.00	\$37,595.00	Tier 1 Funding
TH	\$ \$50,029.00	\$58,048.00	Tier 1 Funding
PSH	\$ \$230,607.00	\$238,626.00	Tier 1 Funding

Per HUD Regulations, you may appeal the committee's decision if you disagree with it. The process for an appeal can be found in 24 CFR 578.35 (b).

The committee would like to encourage The Place to participate in our spring technical assistance/best practices meeting. An announcement of the date, time, and location will be sent out at a later time.

We do thank you for the effort you took to apply for funding. Should you have any questions, please don't hesitate to reach out to me.

Sincerely,

Evan Caster  
Senior Manager of Homeless Initiatives

**Subject:** Kingdom Builders - CoC Renewal Project Decision and Next Steps  
**Attachments:** CO-504 (PPCoC) Priority Listing, FY2022.pdf

Good afternoon Lisa,

The PPCoC Ranking and Prioritization met on Thursday, September 8<sup>th</sup> to make determinations on all Renewal CoC Projects. Please see the attached letter with your award announcement and the CoC Priority Listing, which was voted on and approved by the PPCoC Governing Board today.

Congratulations, Kingdom Builder's Family Life Center's Renewal CoC Project was awarded additional Reallocation funds from an Eliminated CoC Renewal Project. Here is your award amount recommended by the PPCoC Ranking and Prioritization Committee:

Applicant Name	Project Name	Grant Term	New / Renew	Project Type	Project Renewal Amount
Kingdom Builder's Family Life Center	Step Up Housing Program	1 year	Renewal	Joint TH & PH-RRH	\$194,000

### **Next steps**

In order to award the additional funds, CHP (as the Collaborative Applicant) has returned your Renewal Project(s) in e-SNAPS. Please go into e-SNAPS to add the additional amount to your budget so your budget can equal the Green highlighted "Total CoC Recommended Award Amount" and resubmit your e-SNAPS application.

**We need all CoC Projects to be resubmitted by or before 11:00am on Thursday, September 15<sup>th</sup>.**

Please reach out if you have any questions to the PPCoC email ([PPCoC@ppchp.org](mailto:PPCoC@ppchp.org)) or Evan ([evan.caster@ppchp.org](mailto:evan.caster@ppchp.org))

Thank you,

# Statewide Supportive Housing Expansion Project Announcement

*August 2022*

## Project Overview

The Colorado Department of Health Care Policy and Financing (Department) and the Colorado Department of Local Affairs (DOLA) are announcing a joint venture to expand supportive housing across Colorado. Supportive housing is a proven solution in Colorado's state homelessness playbook, which established a vision for Colorado where homelessness is rare and brief when it occurs.

While Colorado has successfully expanded access to housing voucher and referral programs across the state, we need to keep working to comprehensively serve individuals experiencing housing instability and complex needs. The state is using funding from Section 9817 of the American Rescue Plan Act (ARPA) to implement the Statewide Supportive Housing Expansion (SWSHE) pilot project. This project will create as many high-quality supportive housing opportunities as possible for individuals with complex needs. This population includes those with serious mental illness, a history of homelessness, and repeat hospitalizations. As a part of this grant-funded project, the state will evaluate the project impact and seek opportunities for future engagement.

## Project Model

The SWSHE project expands upon learnings from the Denver Social Impact Bond (SIB). In particular, the project provides a statewide approach with providers and systems across Colorado to identify and provide supportive services for a pilot cohort of about 500 Health First Colorado (Colorado's Medicaid program) members. This includes peer supports, behavioral health services, and supportive housing services to promote housing attainment and retention to optimize health outcomes for members with complex needs. Beginning in the fall of 2022, the Department will distribute funding through grant agreements with the first cohort of supportive housing providers throughout the state.

**Subject:** Moving Homeward Pikes Peak/the Commons to SWSHE Cohort #1  
**Attachments:** SWSHE Project Announcement.pdf

**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

Hi Evan and Beth,  
Wonderful seeing you both earlier this week at the Outreach & Engagement Event in Colorado Springs! Based on our conversation about the potential for data-matching to occur during the initial lease-up of the Commons, the Colorado Department of Local Affairs, Division of Housing (DOLA/DOH) has requested and received approval from the relevant staff at the Colorado Department of Health Care Policy and Financing (HCPF) to move Homeward Pikes Peak/the Commons into Cohort #1 of the Statewide Supportive Housing Expansion (SWSHE) project.

The shift from Cohort #2 into Cohort #1 will mean that Homeward Pikes Peak will have the opportunity to enter into a supportive services contract with HCPF in the next several weeks/months rather than in early 2023 as initially projected. The intention behind this move is that HCPF will have the opportunity to start engaging with Homeward Pike Peak throughout the lease-up process with insights into the referral process and service needs that are unique to opening a brand-new supportive housing development.

Your willingness to accept data-matching between HMIS/Coordinated Entry and HCPF high-utilizer status for the Commons will mean that Homeward Pikes Peak will have access to the \$10,000 per voucher in funding that is available through SWSHE for the maximum possible number of units. We will want to look at whether or not changes need to be made to the Tenant Selection Plan but right now we are looking at the 42 State Housing Vouchers (SHV) and the optional addition of 15 Emergency Housing Vouchers (EHV)\*. We are planning to exclude the 8 HUD-VASH given that many veterans receive their healthcare through the VA. This would tentatively result in an annual contract with HCPF of \$570,000.

Amy Austin (cc'd) is the Wraparound Housing Policy Advisor at HCPF and one of the leads at HCPF for SWSHE. Amy will be your primary contact throughout this process and will be in touch with next steps. As a reminder, Homeward Pikes Peak was selected for participation in SWSHE based on your organization's previous selection through competitive application processes overseen by DOLA/DOH as well as your survey responses from Spring of 2022.

\*Homeward Pikes Peak/the Pikes Peak Continuum of Care's allocation of EHV's are optional. Beth - at your earliest convenience, please indicate your agency's willingness to provide supportive services for households matched with tenant-based EHV's identified through your regional Coordinated Entry system based on a data-match conducted by HCPF (the same type that will be performed for The Commons referrals). The availability of EHV's to your CES is based on your organization's status as a current DOH voucher administrator.

NOTE: Staff from the Corporation for Supportive Housing (CSH) are included in this correspondence as they will be providing project management services for HCPF and DOLA. They will be engaging with Cohort #1 participants in the coming weeks in order to collect and provide HCPF with feedback on the design of the relevant billing structure(s) and start-up funding that may be required.

A PROGRAM OF **chp**

January 14, 2022

To Whom it May Concern:

It is my pleasure to provide this letter of support on behalf of Community Health Partnership and the Pikes Peak Continuum of Care (PPCoC) to support Homeward Pikes Peak (HPP) application for Division of Housing – Department of Local Affairs housing vouchers for Phase II of The Commons housing project in Colorado Springs, Colorado.

The Commons would have 69 units that will be a mix of one-, two-, and three-bedroom apartments set to serve homeless and low-income military veterans, individuals, and families. HPP is requesting 20 HUD-VASH vouchers and 30 project based vouchers. The remaining 19 units will be affordable units that will assist households up to 50% of AMI. These resources will have a tremendously positive impact on veterans, individuals, and families experiencing or at risk of experiencing homelessness in El Paso County, Colorado.

In late fall of 2021, the PPCoC Governing Board announced a three-year strategic plan focusing on the community's goal to reduce and end homelessness through making homelessness rare, brief, and non-recurring and one-time in the region. The PPCoC lays out three strategic goals to achieve this plan through the following:

- Decrease the inflow of homelessness into the region through expanding affordable housing, connections to community health services, and diverting households from emergency services to safe housing solutions through a racially equitable lens.
- Decrease the length of time households experience homelessness by connecting households to service enriched housing opportunities in alignment with a Housing First approach and in partnership with the Coordinated Entry System of the PPCoC.
- And ensure homelessness is non-recurring and one-time by reviewing outcomes of housing and homeless services to track access to public benefits, increased cash-earned income, permanent housing placements out of street outreach, and inputting quality data into the Homeless Management Information System (HMIS).

PPCoC and Community Health Partnership strongly recommends The Commons housing project as a model example of a housing project that addresses all three strategic goals supporting the PPCoC vision of ending homelessness in the region.

Homeward Pikes Peak is a valued service provider in our community and has experience with the Housing First Model through their current HUD Continuum of Care grant funds and through Emergency Solution Grant funding. We know however, our community will be better served with the creation of project-based housing units where residences and services are co-located. This type of housing is known to be an evidence-based best practice because it increases the resident's participation in services such as health care, behavioral health care, substance use treatment, and creates stable community members through dignity and respect.

A PROGRAM OF **chp**

The Pikes Peak Continuum of Care (PPCoC) and Community Health Partnership are pleased to support Homeward Pikes Peak's efforts to bring in additional permanent supportive housing for this community that will house some of our communities most vulnerable veterans, individuals, and families. The PPCoC will support Homeward Pikes Peak through Coordinated Entry, advocacy, and data analysis from HMIS.

Sincerely,

A handwritten signature in black ink, appearing to be "EJ" or "Evan Caster", written over a light gray horizontal line.

Evan Caster

**Colorado Division of Housing  
2019-20 Annual Request for Applications  
for the Creation of Supportive Housing**

**Appendix 5: Supportive Housing Tenant Selection Plan DOH Template  
SUPPORTIVE HOUSING TENANT SCREENING CRITERIA  
Homeward Pikes Peak - The Commons**

Homeward Pikes Peak uses a Housing First Model as well as Harm Reduction and Trauma-informed approaches in its Project-Based Voucher (PBV) Permanent Supportive Housing (SH) Housing Development, The Commons. Housing First embraces the idea that people participating in a SH program should be given housing even if they are struggling with issues of chemical dependency, mental health, and/or other barriers to housing that might render them ineligible under more traditional models of housing.

Tenants of the SH units are expected to meet the following criteria:

- Be experiencing homelessness. Homelessness is defined as living in a place not meant for human habitation, in emergency shelter, in temporary housing (e.g. - safe haven, transitional housing, bridge housing, or rapid rehousing), or exiting an institution where the person temporarily resided (i.e. jail or prison).
- Have Multiple Barriers to Obtaining or Maintaining Housing. These could include chronic and/or persistent mental illness, alcohol and/or substance abuse, and/or health issues.

**Core Elements of Housing First Include:**

- Acceptance of applicants regardless of their sobriety, any past or current use of substances, any completion of rehabilitation or treatment, or participation in any other supportive services.
- Applicants are seldom rejected solely on the basis of poor credit or financial history, employment readiness, poor or absent rental history, criminal convictions, or any other behaviors that are generally held to indicate a lack of “housing readiness.”
- Supportive services emphasize engagement and problem-solving over therapeutic goals. Services plans are highly tenant-driven without standardized or predetermined goals, and client choice is key.
- Use of alcohol or drugs in and of itself (without other lease violations) is not considered a reason for eviction.

**1. The Commons Waiting List Preferences**

The Commons is designed for families and individuals who have a history of homelessness, at least one member of the household will have one or more disabilities and will benefit from the comprehensive supportive services being offered. In order to be eligible you must be at 30% AMI or below, be

homeless, long-term homeless, chronically homeless, or households with special needs and at risk of homelessness. Preference will be given for households where one or more family members have a disability.

Tenant selection process: The Commons will take all referrals through the Pikes Peak COC Coordinated Entry system. There will be no additional preferences beyond what is noted above. It is expected that most if not all households will have one or more disabilities and all will be at 30% of AMI or below and all will be homeless, chronically homeless or at risk of homelessness.

## **2. The Commons Application Procedure**

- a. Anyone who wishes to be considered for a PBV unit at The Commons must complete a Division of Housing (DOH) application.
- b. An applicant must submit a completed DOH application to Homeward Pikes Peak to be considered for residency. Incomplete applications will be returned to the applicant to complete.
- c. Once the completed application is received, it will be forwarded by Homeward Pikes Peak staff to the DOH Voucher Administrator agency that is providing voucher administration services for The Commons. This is The Independence Center.
- d. All applications must be entered in DOH's Elite system by the DOH contract agency.
- e. All complete applications that meet one or more of the property preference(s) will be added to the waitlist.
- f. Placement on the waiting list does not automatically guarantee eligibility for an apartment. Further screening as described in the eligibility screening criteria section will be completed at the time an apartment becomes available and the applicant comes to the top of the waiting list.
- g. Once the property manager (Cardinal Capital) is aware that a unit will be coming available, they will contact the DOH contract agency to let them know of the vacancy.
- h. The DOH contract agency will pull the next available applicant off of the waiting list, and arrange a time to meet, and verify the information provided on the application.
- i. Once verified, the DOH contract agency will notify The Commons and Cardinal Capital that they may begin their screening process.
- j. If the applicant is deemed ineligible, The Commons must supply a copy of the written denial to the DOH contract agency.
- k. If the applicant is deemed eligible by both the property and DOH, the DOH contract agency will contact the applicant and conduct a Project-Based Voucher briefing.

### **3. Eligibility Screening Criteria**

#### **DOH Project-Based Voucher Eligibility Screening:**

- a. Meets one or more waiting list preferences.
- b. Citizenship Requirements - To occupy a HUD assisted PBV unit, applicants must be U. S. citizens or be an eligible non-citizen.
- c. Social Security Number Requirements - To occupy a HUD assisted PBV unit, all household members must disclose and document Social Security numbers.
- d. Income Limits - To occupy a HUD assisted PBV unit, an applicant must meet income eligibility requirements as outlined by HUD.
- e. Student Eligibility - If a single applicant or all members of an applicant household are full time students, the application will be rejected unless one of the following criteria is met;
  - the applicant is married and files a joint tax return;
  - the applicant is receiving assistance under Title IV of the Social Security Act;
  - the applicant is enrolled in a job training program receiving assistance under the Job Training Partnership Act or under other similar Federal, State or local laws;
  - the applicant is a single parent with children and such parent and children are not dependents of another individual.

#### **DOH Criminal History Screening Criteria: (The criteria below may vary if your project is awarded state housing vouchers)**

- a. If any household member has ever been convicted of drug-related criminal activity for the production or manufacture of methamphetamine in any location, not just federally assisted housing, the family will be denied admission.
- b. If any household member is a lifetime registered sex offender under any State registration requirement.
- c. Felony assault within the past one year.
- d. 5 or more assaults of any kind within the past 5 years.
- e. Sex assault within the past 10 years
- f. Arson or homicide within the past 10 years.

#### **The Commons Eligibility Screening**

Cardinal Capital will have additional eligibility criteria and checks they must do to be in compliance with the low-income housing tax credit program. The eligibility screening by Cardinal will take place once the Voucher Administrator Agency has done the initial screening of applicants.

#### **The Commons Criminal History Screening Criteria:**

There will be no additional criminal history reasons for denial.

#### **4. Notification of Denial**

Once applicant screening has been completed and all materials have been verified and evaluated, any application not meeting the above criteria will be denied. The Commons must give an applicant prompt notice of a decision denying assistance. The notice must contain a brief statement of the reason for the denial and must also state that the applicant may request an informal review of the decision. A copy of this denial must also be sent to the Voucher Administrator agency.

#### **5. Appeal Process**

The applicant shall have 10 business days from the date of the letter to request, in writing, an informal review of the decision for denial. The Commons must schedule and send written notice of the informal review within 10 business days of the family's request. The informal review must be conducted by a person other than the one who made or approved the decision under review, or a subordinate of this person. The Commons will notify the applicant of the final decision, including a statement explaining the reason(s) for the decision. The notice will be mailed within 10 business days of the informal review to the applicant and his or her representative, if any, along with proof of mailing.

If the decision to deny is overturned as a result of the informal review, processing for admission will resume.

If the family fails to appear for their informal review, the denial of admission will stand and the family will be notified.

#### **6. Consideration of Circumstances/Reasonable Accommodations**

The Commons's decision concerning denial of admission is subject to consideration of circumstances and reasonable accommodations. The policy of The Commons is to consider all requests by individuals with a disability for reasonable accommodation both in policies and procedures that assist in providing an equal opportunity to use and enjoy the programs under which the project is funded.

The Commons will consider all relevant circumstances when deciding whether to deny assistance based on a family's past history. Examples include: seriousness of the case, the extent of participation or

culpability of individual family members, the length of time since the violation occurred, whether the culpable household member is participating in or has successfully completed rehabilitation program or has otherwise been rehabilitated successfully.

#### **7. Availability of Plan**

This Tenant Selection Plan is available to the public upon request. It can be requested at the rental office during normal office hours.

#### **8. Modification of Plan**

The Commons will review this Tenant Selection Plan at least once annually to ensure that it reflects current operating practices, program priorities. If The Commons feels the plan needs to be modified in any way, a notice of such modification will be provided by mail to applicants on the waiting list. For this reason the current Tenant Selection Plan in place The Commons will always be dated.

## DATA USE AGREEMENT

### AGREEMENT FOR DATA EXCHANGE BETWEEN COLORADO STATEWIDE HOMELESS MANAGEMENT INFORMATION SYSTEM AND THE COLORADO DEPARTMENT OF HEALTHCARE POLICY AND FINANCING

#### Introduction

---

Colorado statewide Homeless Management Information System (CO-HMIS), the designated Homeless Management Information System (HMIS) Administrator for the four Colorado Continua of Care, and Colorado Department of Healthcare Policy and Financing (HCPF), which administers Health First Colorado (Colorado's Medicaid program), located at 1570 Grant Street Denver, CO 80203, hereby enter into this Data Use Agreement (DUA) to provide HCPF with access to specific HMIS data. CO-HMIS and HCPF are collectively referred to herein as "parties" or individually as a "party."

#### Purpose

---

This Agreement establishes the terms and conditions under which HCPF will use HMIS data.

HCPF will conduct a cross-examination of Homeless Management Information System (HMIS) clients and Medicaid Management Information System (MMIS) clients to analyze the overlap of the following data sets:

- An existing HCPF dataset of Medicaid members who have reported an experience of homelessness, and who are being targeted by HCPF to address health needs
- Those in the statewide HMIS system who have been identified as chronically homeless and/or prioritized for a Permanent Supportive Housing (PSH) intervention

This data match will inform the design of the Statewide Supportive Housing Expansion Project (SWSHE) in several critical ways; including a clearer understanding of the overlap between HCPF's Medicaid members with high healthcare needs and individuals already prioritized for PSH by the homeless system. The goal of SWSHE is to establish referral and housing pathways for this target population, **by creating more units of PSH in which participants are matched with a supportive housing provider, a housing subsidy, and robust services funding.**

HCPF will de-identify and aggregate total system overlap by CoC region as long as sample sizes are sufficient and will provide this back to the project manager, the Corporation for Supportive Housing (CSH). CSH will prepare a formal report in PowerPoint format on the overlap between those targeted by HCPF to address health needs and those already engaged with the homelessness system in need of PSH statewide.

#### HCPF's Role

---

HCPF will:

##### Receive

- Client identifying data for clients identified as chronically homeless and/or have been assessed for a Permanent Supportive Housing (PSH) level of need active in HMIS in one calendar year: July 1, 2021-June 30, 2022, to the extent that a one-year lookback period is feasible for each respective

CoC. This includes the active by-name list from the CoC in addition to those that have become inactive in the lookback period.

- Current Coordinated Entry Prioritization List - PSH Prioritization and Chronic Status
- Housing data for those clients
- Demographic data for those clients

#### Provide

- Overlap estimates between the two populations
- Estimated total sample size for the SWSHE target population

Table 1 lists the HMIS data elements that will be provided by CO-HMIS to HCPF for the purposes of MMIS and HMIS data matching.

**Table 1.**  
**List of HMIS data elements to be provided to HCPF by The Metro Denver Homeless Initiative (MDHI) CoC.**

Field Name	Field Description	Notes
Enrollment Group ID	Group ID	Ties household members to any given project enrollment (households served by more than one project will have more than one Group ID)
Client ID	Client ID	Searchable field in HMIS – a client can have more than one Client ID if multiple projects created separate client records for the same person
First Name	First Name	
Last Name	Last Name	
Social Security Number	SSN	
Date of Birth	Date of Birth	
Gender	Gender	
Race (or Multi-Racial)	Race	
Primary Race (if Multi-Racial)	Race

**Data Transfer, Storage, Access, Retention, and Destruction**

HCPF facility security includes maintaining all electronic data storage media (e.g., data files, recordings), source documents, abstracts, reports, and any forms or lists that contain confidential or private information within secure areas that are locked, or password protected.

HCPF will not disclose data or information to any person, organization, or agency other than those specifically authorized. Any analyses published should be in aggregate form only.

Electronic data files provided by CO-HMIS will be transferred via Secure File Transfer Protocol. Data files will be stored in a folder with restricted access and will be accessible only by designated HCPF staff.

Electronic data files received from CO-HMIS will be stored on a project-specific network folder on the HCPF secured local network. Only authorized staff will have access to this folder and the data files contained within it.

Data and other information will be accessed, secured, and accounted for through:

- Identification and authentication mechanisms that ensure that all users are uniquely and properly identified and authorized for access to the information system and/or data managed and maintained by it;
- Logical access controls which permit authorized access to the system and restrict users to authorized transactions, functions, and information. These controls ensure that only authorized individuals gain access to information system resources, that individuals are assigned an appropriate level of privilege, and that they are individually accountable for their actions; and
- Regular auditing of information, the information system and information management processes.

Upon completion of the project, electronic data files received from CO-HMIS must be fully and completely deleted from any computers, cloud-based applications, or other storage devices; any physical copies must also be shredded. The destruction of data does not include the information on housing status for the individuals matched with a Medicaid ID in HCPF's database. This information will be used to append the housing status of the individual in HCPF's files to indicate that they have experienced homelessness.

The date of project completion is June 30<sup>th</sup>, 2023.

**General Terms of the Agreement**

1. The terms of this Agreement can be changed only by a written modification to the agreement by the signatories (or their designated representatives) to this Agreement or by the parties adopting a new agreement in place of this Agreement.
2. CO-HMIS retains all ownership rights to the original data file(s) and derivative data file(s) provided to HCPF under this Agreement.
3. HCPF will be responsible for the observance of all conditions of use and for establishment and maintenance of appropriate administrative, technical, and physical security safeguards to prevent unauthorized use and to protect the confidentiality of the data.
4. The following named individuals are designated as their respective party’s point of contact for the performance of the terms of the Agreement.

**Table 2.**

Individuals designated as Party Point of Contact (PPOC)

CO-HMIS Contact		HCPF Contact	
Name:	Matt Richard	Name:	Amy Austin
Title:	Data Design & Integration Lead	Title:	Wraparound Housing Policy Advisor
Phone:	303-295-1772	Phone:	303-866-4825
Email:	Matt.richard@mdhi.org	Email:	amy.austin@state.co.us

5. Except as described in this Agreement, CO-HMIS and HCPF, its contractors and agents, shall not disclose, release, reveal, show, sell, rent, lease, loan, or otherwise grant access to the data covered by this Agreement to any person or entity outside HCPF.
6. HCPF for the purposes of confirming that HCPF is following all security and data use requirements associated with this agreement.
7. The Agreement may be terminated by either party at any time for any reason upon 30 days written notice. Upon such notice, CO-HMIS will notify HCPF to destroy or return such data at CO-HMIS’s option.

8. Access to the CO-HMIS data shall be restricted to authorized HCPF employees, contractors, agents, and officials who require access to perform their respective duties in accordance with the uses of the information as authorized in this Agreement.
9. The information provided may not be disclosed or used for any purpose other than as outlined in this Agreement. If HCPF wishes to use the data and information provided by CO-HMIS under this Agreement for any purpose other than those outlined in this Agreement, HCPF shall make a written request to CO-HMIS describing the additional purposes for which it seeks to use the data. If CO-HMIS determines that HCPF's request to use the data and information provided hereunder is acceptable, CO-HMIS shall provide HCPF with written approval of the additional use of the data.
10. HCPF, its contractors, or agents will protect the privacy and confidentiality of any individually identifiable information contained in the data consistent with the Privacy Act of 1974 and other applicable laws and regulations.
11. This Agreement, or any portion thereof, shall not be assigned by any party without the prior written consent of the other party. This Agreement shall insure to the benefit of and shall be binding upon CO-HMIS and HCPF and their respective successors and permitted assigns.
12. This Agreement constitutes the entire agreement between the parties; no promises, terms, or conditions not recited, incorporated or referenced herein, including prior agreements or oral discussions, shall be binding upon either party.
13. This Agreement may be executed in one or more counterparts, each of which shall be considered to be one and the same agreement, binding on all parties hereto, notwithstanding that all parties are not signatories to the same counterpart. Duplicated signatures, signatures transmitted via facsimile, or signatures contained in a Portable Document Format (PDF) document shall be deemed original for all purposes.
14. This Agreement, or any portion hereof, shall not be considered executed in full until approved by the Executive Director or other duly authorized representative of each designated Continuum of Care, and such approvals must be obtained by counterpart signature of this Agreement.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their duly authorized representatives.

## Before Starting the Project Listings for the CoC Priority Listing

**The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.**

The CoC Priority Listing includes:

- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.

- Project Listings:

- New;
- Renewal;
- UFA Costs;
- CoC Planning;
- YHPD Renewal; and
- YHDP Replacement.
- Attachment Requirement

- HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:

- New and Renewal Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.

- Project applications on the following Project Listings must be approved, they are not ranked per the FY 2022 CoC Program Competition NOFO:

- UFA Costs Project Listing;
- CoC planning Project Listing;
- YHPD Renewal Project Listing; and
- YHDP Replacement Project Listing.

- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.

- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.

- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Additional training resources are available online on HUD's website.  
[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition)

## 1A. Continuum of Care (CoC) Identification

### Instructions:

For guidance on completing this form, please reference the FY 2022 CoC Priority Listing Detailed Instructions and FY 2022 CoC Priority Listing Navigational Guide on HUD's website.  
[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

**Collaborative Applicant Name:** Community Health Partnership

## 2. Reallocation

**Instructions:**

For guidance on completing this form, please reference the FY 2022 CoC Priority Listing Detailed Instructions and FY 2022 CoC Priority Listing Navigational Guide on HUD's website.  
[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

**2-1 Is the CoC reallocating funds from one or more eligible renewal grant(s) that will expire in Calendar Year 2023 into one or more new projects?**      Yes

### 3. Reallocation - Grant(s) Eliminated

CoCs reallocating eligible renewal project funds to create a new project application – as detailed in the FY 2022 CoC Program Competition NOFO – may do so by eliminating one or more expiring eligible renewal projects. CoCs that are eliminating eligible renewal projects must identify those projects on this form.

Amount Available for New Project:  
(Sum of All Eliminated Projects)

\$250,825

Eliminated Project Name	Grant Number Eliminated	Component Type	Annual Renewal Amount	Type of Reallocation
Haseya Advocate P...	CO0181L8T042100	JOINT	\$250,825	Regular

### 3. Reallocation - Grant(s) Eliminated Details

**Instructions:**

For guidance on completing this form, please reference the FY 2022 CoC Priority Listing Detailed Instructions and FY 2022 CoC Priority Listing Navigational Guide on HUD's website. [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

**3-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process. Refer to the FY 2022 Grant Inventory Worksheet to ensure all information entered is accurate.**

**Eliminated Project Name:** Haseya Advocate Program

**Grant Number of Eliminated Project:** CO0181L8T042100

**Eliminated Project Component Type:** JOINT

**Eliminated Project Annual Renewal Amount:** \$250,825

**3-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified.  
(limit 2500 characters)**

The Colorado Springs/El Paso County CoC (CO-504) worked with all potential CoC Renewal Project applicants listed on the FY2022 GIW to offer the opportunity to compete in the local competition for Renewal Funds. All Renewal Applicants listed on the FY2022 GIW were notified by the CoC a request for renewal on August 2nd. Renewal Applicants were notified via email with a direct urgent email sent to the Executive Authority for all the Renewal Applicants listed on the FY2022 GIW. The CoC then developed a local competition application timeline and notified Renewal Applicants of the competition due date set for August 31, 2022. Renewal Applicants were directed to notify the CoC and Collaborative Applicant prior to the local competition submission date of their decision to apply for Renewal Funds. On August 29th, Red Wind Consulting, Inc. notified the CoC of their decision to NOT seek Renewal funding for the Haseya Advocate Program because of timelines and still being in the process of setting up their FY2021 CoC grant award. The CoC Ranking and Prioritization Committee was notified of their decision at that time.

## 4. Reallocation - Grant(s) Reduced

CoCs that are reallocating eligible renewal project funds to create a new project application – as detailed in the FY 2022 CoC Program Competition NOFA – may do so by reducing one or more expiring eligible renewal projects. CoCs reducing eligible renewal projects must identify those projects on this form.

Amount Available for New Project (Sum of All Reduced Projects)					
Reduced Project Name	Reduced Grant Number	Annual Renewal Amount	Amount Retained	Amount available for new project	Reallocation Type
This list contains no items					

## Continuum of Care (CoC) New Project Listing

### Instructions:

Prior to starting the New Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload all new project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of new projects submitted by project applicant(s) to your CoC in the e-snaps system. You may update each of the Project Listings simultaneously. To review a project on the New Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make the necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps. [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

Project Name	Date Submitted	Comp Type	Applicant Name	Budget Amount	Grant Term	Rank	PH/Reallocation	PSH/RRH	Expansion
This list contains no items									

## Continuum of Care (CoC) Renewal Project Listing

### Instructions:

Prior to starting the Renewal Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload all renewal project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of renewal projects submitted by project applicant(s) to your CoC in the e-snaps system. You may update each of the Project Listings simultaneously. To review a project on the Renewal Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

The Collaborative Applicant certifies that there is a demonstrated need for all renewal permanent supportive housing and rapid re-housing projects listed on the Renewal Project Listing.

☒

The Collaborative Applicant certifies all renewal permanent supportive housing and rapid rehousing projects listed on the Renewal Project Listing comply with program requirements and appropriate standards of quality and habitability.

☒

The Collaborative Applicant does not have any renewal permanent supportive housing or rapid re-housing renewal projects.

## Continuum of Care (CoC) Planning Project Listing

### Instructions:

Prior to starting the CoC Planning Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload the CoC planning project application submitted to this Project Listing, click the "Update List" button. This process may take a few minutes while the project is located in the e-snaps system. You may update each of the Project Listings simultaneously. To review the CoC Planning Project Listing, click on the magnifying glass next to view the project details. To view the actual project application, click on the orange folder. If you identify errors in the project application, you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

Only one CoC planning project application can be submitted and only by the Collaborative Applicant designated by the CoC which must match the Collaborative Applicant information on the CoC Applicant Profile.

[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

Project Name	Date Submitted	Grant Term	Applicant Name	Budget Amount	Accepted?

## Continuum of Care (CoC) YHDP Renewal Project Listing

### Instructions:

Prior to starting the YHDP Renewal Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload all YHDP renewal project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of YHDP renewal and replacement projects submitted by project applicant(s) to your CoC in the e-snaps system. You may update each of the Project Listings simultaneously. To review a project on the YHDP Renewal Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

The Collaborative Applicant certifies that there is a demonstrated need for all renewal permanent supportive housing and rapid rehousing projects listed on the Renewal Project Listing.

☐

The Collaborative Applicant certifies all renewal permanent supportive housing and rapid rehousing projects listed on the Renewal Project Listing comply with program requirements and appropriate standards of quality and habitability.

☐

The Collaborative Applicant does not have any renewal permanent supportive housing or rapid rehousing renewal projects.

## Continuum of Care (CoC) YHDP Replacement Project Listing

### Instructions:

Prior to starting the YHDP Replacement Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload all YHDP replacement project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of YHDP replacement projects submitted by project applicant(s) to your CoC in the e-snaps system. You may update each of the Project Listings simultaneously. To review a project on the YHDP Replacement Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

## Funding Summary

### Instructions

This page provides the total budget summaries for each of the project listings after the you approved, ranked (New and Renewal Project Listings only), or rejected project applications. You must review this page to ensure the totals for each of the categories is accurate. The "Total CoC Request" indicates the total funding request amount your CoC's Collaborative Applicant will submit to HUD for funding consideration. As stated previously, only 1 UFA Cost project application (for UFA designated Collaborative Applicants only) and only 1 CoC Planning project application can be submitted and only the Collaborative Applicant designated by the CoC is eligible to request these funds.

Title	Total Amount
Renewal Amount	\$2,520,574
New Amount	\$0
CoC Planning Amount	\$98,467
YHDP Amount	\$0
Rejected Amount	\$0
TOTAL CoC REQUEST	\$2,619,041

**U.S. Department of Housing  
and Urban Development**

**Certification of Consistency Plan  
with the Consolidated Plan  
for the Continuum of Care  
Program Competition**

I certify the proposed activities included in the Continuum of Care (CoC) project application(s) is consistent with the jurisdiction's currently approved Consolidated Plan.

Applicant Name: CO-504 Colorado Springs/El Paso County CoC

Project Name: Various (See Attached Project List)

Location of the Project: Various; All projects located in Colorado Springs and El Paso County

Name of

Certifying Jurisdiction: City of Colorado Springs, Colorado

Certifying Official

of the Jurisdiction Name: Steve Posey

Title: Community Development Division Manager

Signature: 

Date: 9.12.22

**Public reporting burden** for this collection of information is estimated to average 3.0 hours per response, including the time for reviewing instructions, completing the form, attaching a list of projects if submitting one form per jurisdiction, obtaining local jurisdiction's signature, and uploading to the electronic e-snaps CoC Consolidated Application. This agency may not conduct or sponsor, and a person is not required to respond to, a collection information unless that collection displays a valid OMB control number.

**Privacy Act Statement.** This form does not collect SSN information. The Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under 24 CFR part 91, 24 CFR Part 578, and is authorized by the McKinney-Vento Act, as amended by S. 896 The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009 (42 U.S.C. 11371 et seq.).

HUD considers the completion of this form, including the local jurisdiction(s) authorizing official's signature, as confirmation the project application(s) proposed activities submitted to HUD in the CoC Program Competition are consistent with the jurisdiction's Consolidated Plan and, if the project applicant is a state or unit of local government, that the jurisdiction is following its Consolidated Plan per the requirement of 24 CFR part 91. Failure to either submit one form per project or one form with a listing of project information for each field (i.e., name of applicant, name of project, location of project) will result in a technical deficiency notification that must be corrected within the number of days designated by HUD, and further failure to provide missing or incomplete information will result in project application removal from the review process and rejection in the competitive process.

**U.S. Department of Housing  
and Urban Development**

**Certification of Consistency Plan  
with the Consolidated Plan  
for the Continuum of Care  
Program Competition**

I certify the proposed activities included in the Continuum of Care (CoC) project application(s) is consistent with the jurisdiction's currently approved Consolidated Plan.

**Public reporting burden** for this collection of information is estimated to average 3.0 hours per response, including the time for reviewing instructions, completing the form, attaching a list of projects if submitting one form per jurisdiction, obtaining local jurisdiction's signature, and uploading to the electronic e-snaps CoC Consolidated Application. This agency may not conduct or sponsor, and a person is not required to respond to, a collection information unless that collection displays a valid OMB control number.

**Privacy Act Statement.** This form does not collect SSN information. The Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under 24 CFR part 91, 24 CFR Part 578, and is authorized by the McKinney-Vento Act, as amended by S. 896 The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009 (42 U.S.C. 11371 et seq.).

HUD considers the completion of this form, including the local jurisdiction(s) authorizing official's signature, as confirmation the project application(s) proposed activities submitted to HUD in the CoC Program Competition are consistent with the jurisdiction's Consolidated Plan and, if the project applicant is a state or unit of local government, that the jurisdiction is following its Consolidated Plan per the requirement of 24 CFR part 91. Failure to either submit one form per project or one form with a listing of project information for each field (i.e., name of applicant, name of project, location of project) will result in a technical deficiency notification that must be corrected within the number of days designated by HUD, and further failure to provide missing or incomplete information will result in project application removal from the review process and rejection in the competitive process.

## Instructions for completing the HUD-2991, Certification of Consistency with the Consolidated Plan

The following information must be completed by the Continuum of Care's designated Collaborative Applicant. If the CoC has multiple projects, it may complete a single HUD-2991 for the jurisdiction provided the Collaborative Applicant includes a list of all projects with applicant names, project names, and locations that will be submitted to HUD with the form when forwarding to the jurisdiction for signature. If there are multiple jurisdictions located within a CoC's geographic area, it must obtain a signed HUD-2991 for each jurisdiction where projects are located.

Completed by the CoC's Collaborative Applicant:

**Applicant Name.** Enter the name of the project applicant's organization.

**Project Name.** Enter the name of the project application that will be submitted to HUD in the Continuum of Care Program Competition.

**Location of the Project.** Enter the physical address of the project; however, if the project is designated as a domestic violence project, enter a P.O. Box or address of the main administrative office provided it is not the same address as the project.

**Name of Certifying Jurisdiction.** Enter the name of jurisdiction that will review the project information and certify consistency with the Consolidated Plan (e.g., City of..., County, State).

Must be completed by the certifying jurisdiction.

**Certifying Official of the Jurisdiction.** Enter the name of the official who will sign the form.

**Title.** Enter the official title of the certifying official (e.g., mayor, county judge, state official).

**Signature.** The certifying official is to sign the form.

**Date.** Enter the date the certifying official signs the form.

## Local FY2022 Notice of Funding Opportunity Questions

Local questions assist the Pikes Peak Continuum of Care (PPCoC) to rank and prioritize New and Renewal CoC Projects. Answers to these questions will be used by the PPCoC Ranking and Prioritization Committee for the purpose of creating the PPCoC Project Priority Listing in the FY2022 CoC Program Competition.

Last year, the PPCoC developed a three-year strategic plan to improve System Performance Measures outcomes, which should be utilized in your responses. System Performance Measures are used by HUD to evaluate CoC performance in the community's homeless response system. The Strategic Plan can be accessed on the [About PPCoC webpage here](#).

Please respond to how your agency and CoC Project(s) are addressing, or will address, the following Strategic Goals outlined in the PPCoC Strategic Plan. Please provide an example for each goal:

**Goal 1:** Make homelessness **rare** by reducing the inflows of people who experience homelessness into the region. (2,000 characters):

**Goal 2:** Make homelessness **brief** by reducing the duration of time people spend in temporary shelter or unsheltered. (2,000 characters):

**Goal 3:** Make homelessness **nonrecurring** and one-time by improving system outcomes to permanent housing solutions. (2,000 characters):
