What is COHMIS?

The Colorado Homeless Management Information System (COHMIS) is a data system that stores information about homelessness services. The name of the software that stores this data is called Clarity Human Services. The purpose of COHMIS is to improve coordination of services that support people who are homeless or at risk of homelessness. To further ensure and navigate this coordination, data is shared statewide between the four Continuum of Care (CoC) bodies: MDHI (Metro Denver), Pikes Peak (El Paso County) Northern Colorado (Larimer and Weld Counties), and Balance of State (Remaining 54 Counties). Active agencies that participate in COHMIS are listed on <https://cohmis.zendesk.com/hc/en-us>.

Colorado Springs/El Paso County Coordinated Assessment for Transitional Aged Youth (18-24)

Every assessor in our community regardless of organization completing the VI-SPDAT should use an introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc)
- the purpose of the VI-SPDAT being completed
- that it should take less than 10 minutes to complete
- that only "Yes," "No," or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal.

Example text:

Hi, I'm _____ and I work[volunteer] for _____. I would like to go through a short survey with you that will provide us with more information about your situation. The answers will help us determine how we can best support you. Some of the survey questions are personal in nature, but they only require a Yes, No, or one word answer. I really only need that one word answer. Please don't feel any pressure to provide more detail. There is no "right" or "wrong" answer and you don't need to conceal information because we can only help if we know your situation. We appreciate your honesty and understand if you want to skip or refuse a question. If you don't understand one of the questions I ask you, you can ask for clarification at any time. Please know the information collected will go into a data system which homeless community agencies access to coordinate the best services based on your information. If you don't provide us honest answers we might miss connecting you to opportunities that are most appropriate for you (and your family). Does this make sense or do you have any questions before we get started?
